UNIVERSITY OF ALBERTA

To Tourists and Visitors

Calgary offers much of interest to visitors. Perhaps no city of its size on this continent possesses such fine stores and business buildings, or a larger number of comfortable and beautiful homes. It offers every facility for business or amusement that can be found in much larger cities wherever they may be.

In addition to the Hotel Palliser, one of the finest hostelrys on the Continent, there are many other first class hotels, with rates to suit all. Unusual shopping facilities exist and several beautiful modern theatres provide the best there is in entertainment.

A drive about the city will prove of interest, and the beautiful residential districts on both the north and south hills should be included, as from them a magnificent view of the Rockies can be obtained on a clear day. The Sarcee Indian Reservation adjoining the city on the southwest provides an interesting drive. St. George's Island and Bowness Parks are specially worthy of a visit. At St. George's Island, one of the most interesting and unique exhibits on the continent can be seen. Through the efforts of the Calgary Zoological Society, life-sized models of dinosaurs and prehistoric animals have been constructed. The Society has also constructed fossil houses containing, in addition to hundreds of specimens of plant, invertebrate and vertebrate fossils found in the Red Deer Valley and elsewhere in Alberta, a complete skeleton of the duck-bill dinosaur. Calgary's Zoo, which is also located at the island, houses some 500 exhibits gathered from the four corners of the earth, and affords no end of educational entertainment for children. At Bowness Park, facilities for picnicking, boating, swimming and other sports are provided.

For the sportsman there is, in season, shooting for duck, chicken and partridge, as well as mountain trout fishing, all within a few hours drive from the city.

Calgary is at the gateway of the Rocky Mountains National Parks and an extremely interesting and picturesque motor drive will take one to Banff—75 miles distant and Lake Louise some 35 miles farther on. All weather roads connect with Radium Hot Springs in B.C. and Columbia Icefields and Jasper, Alberta. There are many interesting drives to historic points within 50-100 miles of the City to such places as Drumheller Dinosaur Park, Turner Valley, etc.

CALGARY TOURIST INFORMATION BUREAU — 810 Centre Street S. Phone AMherst 6-2316. The Bureau was opened on the 8th of July, 1946 for the convenience of tourists and visitors. Free maps and literature on the City of Calgary and the Province of Alberta are available on request. General information relating to places of business, street directions, road information and tourist accomodation is obtainable. The Bureau will be pleased to assist anyone who is

desirous of hunting, fishing or vacationing in the City of Calgary district and the Province of Alberta. All visitors are invited to avail themselves of the services offered by the Bureau, which is now operated on behalf of the City of Calgary by the Alberta Tourist Association, and is open all year.

"TELETYPE ACCOMMODATION RESERVATION SERVICE —

This service which has been operating for the past five years secures accommodation for visitors by Teletype or Long Distance Telephone in advance of arrival at Calgary or any other point in the Province at a nominal charge during the summer season JUNE 15 to AUGUST 31st. The Alberta Tourist Association which is Alberta's only Province-wide Tourist Service Organization operates this service from its Head Office at 810 Centre Street S., Calgary—Phone AMherst 2-3202."

CALGARY TOURIST AND CONVENTION ASSOCIATION

Hospitality Centre—Mewata Park

AM 9-1677

This association, formed by civic and business leaders of the city, offers visitors, tourists and convention delegates their free services. During the summer months, three information booths, one at each highway into the city, provide literature, information, maps and many personal details to visitors arriving by car. The downtown office, open all year, offers the same friendly assistance to all city guests. Convention groups receive the free services of the convention department in planning, arranging, and staging successful conferences. Colorful mailing pieces are available at all times for mailing to prospective convention delegates, as well as such helpful material as check lists for chairmen, speaker lists, accommodation details and available entertainment.

Anyone planning a visit, a convention, or desiring information is urged to contact the above address for prompt and cheerful assistance.

THE ALBERTA MOTOR ASSOCIATION — Secretary Manager W. B. McQueen. For information or assistance, visiting members are requested to contact the club at 8th Street and 7th Avenue West. Phone AMherst 9-6131. For Emergency Road Service or night calls Phone AMherst 9-4391.

GOLF CLUBS

GOLF AND COUNTRY CLUB. Located at 50th Ave. and 8th St. S.W.

MUNICIPAL GOLF CLUB. Located on 26th Street West and 12th Avenue.

REGAL GOLF CLUB. Located on 24th Avenue and 6th Street N.E.

BOWNESS GOLF CLUB. Located at Bowness Park, outside City Limits.

EARL GREY GOLF CLUB. Located in Glenmore Dam Park area at 19th Street S.W.

INGLEWOOD GOLF CLUB. Located in East Calgary on 18th Avenue East at 20th Street East.

CANYON MEADOWS. Located outside southern city limits, 114th Ave. S.W.

HIGHLAND GOLF CLUB. Located approx. 4th Street and 40th Avenue N.W.

MUNICIPAL AIRPORT—The City of Calgary operates a modern airport inside the City Limits on main highway to Edmonton. All scheduled non-scheduled, itinerant and local traffic use this airport.

The field was loaned to the government in 1940 for the duration of the war. While operated by the government, it was used as a training field by the R.A.F. and later by the R.C.A.F. The City of Calgary again assumed operation of the airport in July, 1949.

The airport consists of approximately 1104.5 acres and has 3 hard-surfaced runways, 2 of which are among the finest in Canada. The North-south runway is 12,670 feet long and 200 feet wide with concrete aprons at both ends. An instrument landing system and high intensity lighting is installed on this runway to enable aircraft to land in bad weather. The east-west runway is 6,000 ft. long and 150 ft. wide also, with concrete aprons at both ends. There is one other runway, north-west south-east 4,635 ft. long and 150 ft. wide.

The airport is fully equipped for night operations and instrument flying. Contact lights are available on all runways. Distance radio range to airport 3.4 miles on bearing of 234 magnetic. All ground and air traffic is controlled from the control tower operated by the Department of Transport. The tower is equipped with the most modern radio and surveillance radar equipment and is on continuous operation. Circuit is left-hand, except runways 34, 29 and 25, which are right hand. Elevation of the airport is 3,545 feet above sea level.

The Department of Transport maintains a weather forecast office at the airport giving 24-hour service. Climatological information is also available. For weather reports and forecasts call CR 7-1771. For aviation forecasts, CR 7-8488.

Calgary is on the main line of Trans Canada Air Lines with six transcontinental trips daily, and is also connected by air with Edmonton, Lethbridge, Medicine Hat and points east. T.C.A. maintains ticket offices both at the airport and in the city. For information on arrival and departure of planes, call AMherst 9-1311 and for air express, call AMherst 2-3136.

Canadian Pacific Air Lines also operate from Calgary to Vancouver with stops at Cranbrook, Castlegar and Penticton.

Western Air Lines from Calgary to Great Falls and Denver, Great Falls, Salt Lake and Los Angeles. West Coast Airlines operates from Calgary to Spokane.

All facilities are available at the airport for the transient

pilot. All grades of gasoline and oil and hangar accommodation for aircraft up to and including Constellation aircrafts. Storage rates are based on the wing span of the plane.

The east side of the airport is devoted to itinerant and local traffic. Restaurant and rest rooms available on this side. The west side of the airport is used by the scheduled airlines and a terminal building is operated with all facilities available.

The Calgary Municipal Airport is a Customs and Immigration port of entry and exit.

Limousine and taxi service is available to the airport.

Airport Manager — W. J. Watts.

Office Phone — CResview 7-2708.

Control Tower — CR 7-3080; Officer in charge, T. P. Sigsworth — AMherst 2-6820.

Metereological Office — CR 7-1771; Aviation weather (pilots), CR 7-8488; Officer in charge, A. F. McQuarrie, CR 7-2329.

Radio Range — CR 7-4815; Officer in charge, L. Lundigan.

THE INGLEWOOD BIRD SANCTUARY, comprising an area of four hundred acres within the City limits, provides Calgary with an unique attraction.

Not only are birds of many varieties to be found there during the summer months, but the half-mile long spring lake where the water never becomes colder than 40 degrees and the mile-and-a-half part of the Bow River flowing through the Sanctuary which remains open all winter, provide winter sanctuary for from 3,000 to 5,000 wild ducks and geese annually.

It is interesting to note the beneficial effect of wintering waterfowl at Inglewood in the increased size of their offspring while during all seasons wild ducks, wild geese, and an occasional wild swan from Inglewood may be seen feeding on the open river water in the residential parts of Calgary.

The Alberta Government has restocked many Alberta streams with thousands of trout that have been reared in the Inglewood ponds.

This privately owned Bird Sanctuary is open to the public free of charge and may be reached by auto from Ninth Avenue East beyond the British American Oil Refinery or by a short walk from the eastern terminal of the Number One bus line. Five new picnic tables have recently been added and two Sanitary rest rooms provided. Because of pollution of the water well, fresh water must be brought from other city sources.

NAMING OF CALGARY

The following is a copy of documents pertaining to the naming of Calgary:—

Fort Macleod,

29 February, 1876.

Sir:

As we have now a Post or Fort at Bow River it would be as well if it was known by some name. I visited the Post

about a fortnight ago with Colonel Macleod and when we were there Inspector Brisebois (who is in command of the station) issued an order (without consulting either Col. Macleod or myself)—stating that all public documents sent from his Fort were to be headed "Fort Brisebois." I, of course, cancelled the order at once as in the first place Inspector Brisebois had no authority to issue such an order and in the second place the Fort was not built by Inspector Brisebois' Troop and neither the Troop or the people about here wish the place called Brisebois.

Colonel Macleod has suggested the name of Calgary which I believe, in Scotch, means clear running water, a very appropriate name I think. Should the Minister be pleased to approve of this name I will issue an order to that effect.

I have the honour to be, Sir,
Your Obt. Servant,
(Sgd) A. G. Irvine,
Asst. Commr.

Lt. Col. Bernard, C.M.G.,
Dept. Minister of Justice,
Ottawa, Canada.

1876
No. 112
DEPARTMENT OF JUSTICE
"MOUNTED POLICE"

Asst. Commissioner reports a new Post at Bow River which Insp. Brisebois had ordered to be called Fort Brisebois. This order Asst. Commr. cancelled and now suggests that it be called Calgary, a name suggested by Stipendiary Magistrate Macleod.

Feb. 29)
Mar. 25)

Do not interfere with Asst. Commr's. discretion in choosing the name he mentions.

(Sgd. E. B.
(Edward Blake, Minister of Justice)

Letter to Asst. Commr. that Minister will not interfere in choice of name.

April 5

LOCALITY AND ADVANTAGES

The City of Calgary is the largest and most important city on the C.P.R. main line between Winnipeg and Vancouver. It is also served by the C.N.R. Its location in the foothills of the Rocky Mountains at the junction of the Bow and Elbow Rivers, is picturesque. By reason of its geographical situation, the abundant supply of pure water, the untold wealth of the surrounding country as yet only partly developed, and its cheap electric power, the City offers most desirable inducements for the establishment of manufacturing industries. An extract from "Townsites of the North-West Territories" reads as follows:

"At the junction of the rivers (Bow and Elbow) on section 14, is the town of Calgary, which will soon become one of

the most important places in the North-west. Its geographical position, picturesque site, proximity to the Rocky Mountains, access to wood and timber by way of both rivers, and its ample supply of excellent water all contribute to this end. C. F. LaRue, 1883."

At the time the above was written, Calgary had a population of less than 600. Present population, 241,675 (City proper).

The business section and part of the residential district has spread over the valley which was the original townsite, and has expanded over the surrounding heights, from which views of the Rocky Mountains are obtainable. Calgary is approximately 840 miles west of Winnipeg, 620 miles east of Vancouver, 138 miles north of the boundary line between Canada and the United States of America, and 75 miles from Banff, "The Playground of Canada."

SURROUNDING COUNTRY AND RESOURCES

Tributary to Calgary is a most prosperous agricultural, beef raising and ranching district, in an area some thousands of square miles, and by virtue of the nutritious and abundant grasses growing throughout the surrounding territory, cattle raised in this locality are of the best; and by reason of its favorable climate and fertility of soil, grain and vegetables produced in this district are excellent.

IRRIGATION AND FARMING

Calgary is the headquarters of one of the largest irrigation projects in the world. Water for irrigating the fertile belt stretching from Calgary north, east and south, is obtained from the Bow River. The headgates of the main canal are located inside the eastern City limits. In the agricultural world, Calgary, being the centre of thousands of acres of both irrigated and non-irrigated lands, famous for spring, fall and winter grains of all kinds, vegetables and wild and cultivated grasses, is highly attractive to prospective settlers and investors. As a direct result of the productivity of the area tributary to the city, the volume of livestock being raised requires the facilities of a large stockyard as well as the packing plants operated by three national firms and several independent operators. Calgary's importance as a grain centre has been officially recognized by the Government of Canada and the said Government has built a terminal elevator in this City. (See index ("Elevator)).

RAILWAYS, TRUCKLINES AND MARKETS

With two trans-continental railways, ten trans-continental and numerous interprovincial trucklines operated into and out of the city, Calgary offers the wholesale and retail market unequalled distribution facilities—Dominion wide. This, coupled with an ideal location in the heart of a rapidly and ever-growing market, in the centre of tributary lands containing bountiful supplies of raw materials, places Calgary conspicuously before the manufacturer.

MINERALS, ETC.

Untold mineral wealth underlies the soil waiting for time and invested capital ere an idea can be conceived as to the intrinsic value and the benefits which will accrue to Calgary, Canada and the British Empire therefrom. Chief among the minerals and other products of the lower stratas of the earth, found in the Calgary district are coal (bituminous, lignite, anthracite and coking), silicate sand-stone, brick clay and shale, fire clay, etc. Oil of a high grade was, on October 7th, 1913, struck at a depth of 1,562 feet in a well on Section 6, Township 20, Range 2, West of the 5th Meridian, and now known as "Discovery Well," and since, in good quantities, in many other wells. Natural gas is also obtained from these wells, and when treated yields gasoline in paying quantities. The gas (after the gasoline has been extracted) is now "piped" to Calgary gas consumers. New fields are now in active process of development, each year seeing more wells being sunk and new areas proven.

Natural gas, which in its raw state, has a high sulphur content, is supplied to the City of Calgary—AFTER TREATMENT—through the distribution system of the Canadian Western Natural Gas Company Limited from several sources. One such source is the Shell Company's field at Jumping Pound, 30 miles west of the City. The plant there has a daily capacity for treating sixty million cubic feet of gas and eighty long tons of sulphur. A second sulphur plant with a designed capacity of thirty-long tons of sulphur per day is operated by Royalite Oil Company Limited at Turner Valley.

The development of two high sulphur-content, natural gas fields at DeWinton and Pincher Creek—twelve miles and 115 miles south of Calgary respectively—is now in full production. A 78 million sulphur plant was started at Okotoks, 25 miles south of Calgary by Texas Gulf Sulphur Co. in spring of 1958. Other gas processing plants are being planned.

Construction was started in January, 1961, on the \$13,000,000 sulphur extraction plant of Jefferson Lake Petrochemicals (Canada) Limited six miles northeast of Calgary in the East Calgary gas well field.

A total of \$500,000,000 will be spent in the next 18 months (1961-63) on other sulphur and gas by-product plants, pipelines compression stations, etc., associated with the program of natural gas export to the United States, which was approved by the last of several government agencies in the fall of 1960.

CALGARY AND THE PETROLEUM INDUSTRY

Natural gas was first discovered in Alberta about 140 miles south-east of Calgary during construction of the Canadian Pacific Railway in 1883. About the same year oil seepages, long used by the Indians for medicinal purposes, were discovered by white settlers in the Waterton Lakes region of south-western Alberta. Not until the discovery of the Turner Valley field, however, was western Canada's petroleum and natural gas industry born.

The Turner Valley field, about 24 miles south-west of Calgary, was discovered in 1914. Between that time and the

early '30's gas and oil discoveries created waves of optimism and disappointment that gave Calgary the reputation of a "boom or bust" town. Modern production and conservation methods finally helped Turner Valley production to settle into a reliable pattern that has totalled 116 million barrels of crude oil. Turner Valley is still one of the producers of natural gas for Calgary and its surrounding area.

Since 1940, exploration work has been carried forth in all parts of Alberta, resulting in a discovery ratio of about 60% gas finds and 40% oil strikes. In every direction from the very outskirts of Calgary, new natural gas and oil fields have been found. One of the features of foothills natural gas is that it is sour for it contains substantial quantities of sulphur. Thus, from the gas production now being spurred by "exports" to eastern Canada and the Pacific coast and by new lines to the United States, a sulphur production industry has emerged with plants located at Pincher Creek, Jumping Pound, Okotoks, Nevis, Redwater and Turner Valley, with the promise of many more to be built as natural gas markets continue to expand.

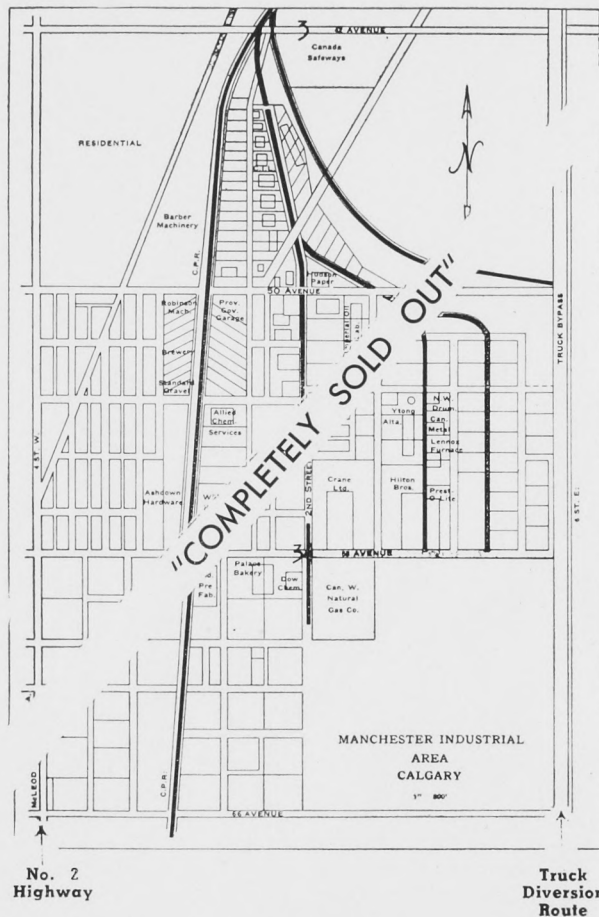

The petroleum and natural gas industry of western Canada became a major factor in Canada's economy following the discovery, on February 13, 1947, of the Leduc field. Leduc was followed by major discoveries at Redwater, about 35 miles north-east of Edmonton, and at Pembina, about 80 miles south-west of Edmonton. With exploration activity spurred by these major strikes, additional oil discoveries were made and continue to be made, bringing into prominence such names as Acheson, Bonnie Glen, Excelsior, Big Valley, Golden Spike, Harmattan, Joseph Lake, Sturgeon Lake, Swan Hills, Jury Creek, Virginia Hills and others. While many of these fields are far from Calgary, this city has become the administrative headquarters of the Industry for Canada.

A succession of major natural gas finds have made necessary frequent upward revisions of Alberta's reserves in that natural resource also. Assurance of an ample gas supply beyond Alberta's foreseeable needs has created a new phase of "big inch" pipeline building which, during 1961 and 1962, will make possible the export of surplus gas to large United States markets, as well as to eastern Canada in addition to many existing carriers.

The Inter Provincial Pipe Line, begun in 1959, now extends from Redwater to Sarnia and Port Credit, Ontario, carrying Alberta crude oil to refineries in many centres.

In October 1953 the Trans Mountain Oil Pipe Line was completed through some of the world's most rugged terrain from Edmonton to Vancouver, British Columbia. This oil line carries Alberta crude to refineries in the Vancouver area and to the Puget Sound region of the north-western United States.

Natural gas discoveries spurred the building of the West-coast Transmission pipeline to transport gas from the Peace River area of Alberta and British Columbia, to towns and cities of the interior and coastal regions of B.C. and to

THE CITY OF CALGARY HAS DEVELOPED TWO PLANNED INDUSTRIAL SUBDIVISIONS

"MANCHESTER"

This area comprising 200 acres of fully serviced land is completely SOLD OUT.

"HIGHFIELD"

Located two blocks east of No. 2 Provincial Highway, "HIGHFIELD" has easy access to City Centre by paved streets and Calgary Transit System. Rail service is provided by Canadian National Railway.

Purchasers must be better than average shippers by rail.

"Package" price which includes deep base gravel roads ready for paving, power, rail lead, sewer and water past the property, is \$6,750.00 per acre.

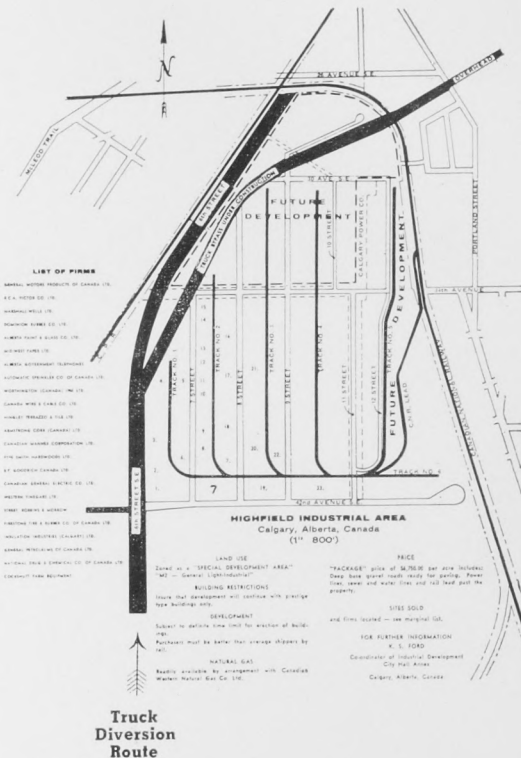

Natural Gas readily available by arrangement with Canadian Western Natural Gas Co. Ltd.

LAND USE

Zoned as "Special Development Area." "M2—General Light Industrial." Building restrictions insure development will proceed with prestige type buildings only.

north-western United States centres. This line was completed in 1957 and here again, Calgary as the business centre of the activity, felt the beneficial impact.

The Trans-Canada Pipe Line project is one of the largest undertakings of its kind in the world, having been built to transport Alberta natural gas across a major part of Canada's breadth to Montreal. The portion of the line to Winnipeg was completed in 1957, and the balance of the pipeline went into service in 1958. Then, in late 1960, a new line linked the system (at Emerson, Manitoba) with big new markets in the mid-western United States.

Additionally, within Alberta itself, a natural gas gathering and distributing system—The Alberta Gas Trunk Line Company Ltd.—is facilitating the pipe line transportation of natural gas inside, and to the borders of, the province for domestic and export use. The newest link scheduled for 1961 completion will extend for 472 miles along the western edge of the province, tying Alberta supplies with yet another "big inch"—1,100 miles in length—designed to supply California customers with Alberta natural gas. Before long, an additional trunk line will supply gas to a new consumer market in the State of Montana.

Calgary's role in all this activity, as headquarters of the exploration and development phases of the Industry, is that of head office base for some 300 oil and gas companies in Canada. The Canadian Petroleum Association estimates that proven gas reserves in Alberta stand at 30 trillion cubic feet, and that proven oil and natural gas liquid reserves are over the 3 billion barrel mark.

Of the estimated 17,500 Albertans directly employed by the Industry, over 95% are Canadian citizens comprising 10% of Alberta's total working force. With only an estimated 5% of Alberta's hoard of petroleum and natural gas so far proven up, and with the petroleum and natural gas industry accounting for nearly half the provincial government revenue in the form of royalty payments, crown land sales, fees, and rentals, the impact of the Industry on the welfare of Calgary is most significant.

INDUSTRIES

The City of Calgary has developed two planned Industrial Districts within the past five years—each comprising 200 acres—"HIGHFIELD" and "MANCHESTER." Industrial sites are available in "HIGHFIELD." "MANCHESTER" is completely SOLD OUT. Plans are progressing for expansion of the Highfield area in 1961 and the Manchester area by 1962. A new 500-acre industrial park in the Ogden area in the south east part of the city is being developed for late 1961 sale. For further information write the Industrial Co-ordinator, City Hall Annex, Calgary, Alberta, Canada.

The chief industries in Calgary and District are: Aerated and mineral waters, alcohol (industrial), agricultural machinery, aluminum windows and doors, artificial fertilizer, artificial limbs, asphalt products, auto accessories, awnings and tents, bags (cotton, jute and paper), bakery products, battery

plants, beds, biscuits, boxes (wooden), boxes (corrugated and plain cardboard), brass foundry, breakfast foods, breweries, bricks, bridge-building and structural steel, brushes, buttons, caskets, castings and forgings, cement and cement blocks, chemicals, cocktail snacks, confectionery, culverts, dairy products, disinfectants, dynamite, electrical accessories, electrical equipment, electrical signs, engines (model aeroplane), farming, feed mills, flour mills, fur goods, furniture, garment manufacturing, gin, greenhouses, hats and caps, heat exchangers and fin tubes, hosiery, insulation material, insulated window units, iron gates and fences, jewellery, knitted goods, lead refining, leather goods, light weight aggregates and building material, lime, liquid air, malting, meat packing, mining machinery, monumental and ornamental stone, nails (common and treated), oil bits, oilwell equipment, oil refinery, optical glass grinding, ornamental iron railings and furniture, paper containers, peat (soil conditioner), petroleum products, pharmaceutical preparations, planing mills, plaster (gypsum), plastic window sash, polyethylene film and bags, potato chips, pre-fabricated houses and buildings, pressure vessels, propane, ranching, railway, rolling stock, sash and door factories, saw mills, sheet metal products, shoes (men's sport), showcases, soft drinks, spices, sulphur extraction from natural gas, surgical instruments, tanning, tanks, tar paper, tailoring, tools and dies, toys, upholstering, venetian blinds, water heaters, wallboard (gypsum), washing compounds, wax base weed-killer, whiskey, wire (woven reinforcing), wood working plants, yeast.

GENERAL HOSPITAL

The General Hospital was instituted October 1890, incorporated November 1890. The old hospital opened February 1, 1910. Control: 1890 to 1914 by a Board, 1914 to 1919 by a Board (partly appointed and partly elected), May 1919 to June 1934 by the City of Calgary as a City Department, June 1934 by a Board (9 members) appointed by the City Council. In 1944 a new wing was added to the old hospital, to provide more maternity beds and nurseries. Subsequently this wing was incorporated into the present new structure.

In November, 1947, the ratepayers approved a money by-law for \$3,000,000 to erect a new General Hospital on the present site. On March 21, 1949, the first sod was turned marking the start of construction of the new hospital. On March 3, 1953, the new Calgary General Hospital was officially opened. It contained a total of 582 beds—including isolation Ward of 20 beds, a new children's Ward of 64 beds, a Neuropsychiatric Ward of 20 beds, an Emergency Ward of 10 beds and a Department of Physiotherapy. In addition, a recovery room equipped to handle twelve patients and a central supply room are integral parts of the institution. This brought total accommodation available to 626 beds and 110 bassinets.

In October, 1956, construction was commenced on extensions to the north and south sides of the hospital. These extensions were completed July 1, 1958, and provided additional general and pediatric beds, service and public areas,

emergency treatment areas and general offices. Total accommodation available is now 845 beds and bassinets.

The Calgary General Hospital is a fully approved hospital by the Canadian Council on Hospital Accreditation, and is approved for training of interns and residents in three specialties. A complete School of Nursing is conducted for 300 student nurses.

HOLY CROSS HOSPITAL

The Holy Cross Hospital operated by the Sisters of Charity, members of the Order of Grey Nuns, opened in Calgary, January 30, 1891. For 69 years Holy Cross has carried out its mission of mercy to the people of Calgary and district. Important additions to the hospital were made in 1892, 1906, 1910, 1913, 1928 and 1950. A new Nurses' Residence and School of Nursing costing approximately 1 $\frac{3}{4}$ million dollars was completed in 1957. The Grey Nuns were crusaders in the enterprise of providing hospitalization for the needy and sick in the early days of this settlement. By their faith and endurance as the years went by they have built this magnificent institution. The latest in scientific equipment is available and is utilized by a medical staff of skilled physicians and surgeons and highly trained nurses. The hospital has achieved the highest modern standards and is a credit to the City of Calgary.

BAKER MEMORIAL SANATORIUM

A sanatorium of 300 beds completely equipped for the modern treatment of tuberculosis, both pulmonary and non-pulmonary.

It is controlled by the Provincial Department of Health, and is situated on the Bow River, 7 miles west of the City limits, just a mile from Bowness Park, which is served by the Calgary Transit System. It was built by the Dominion government in 1920 and taken over by the Province in 1925.

MUNICIPAL OWNERSHIP

Calgary is essentially a City owned and operated for its citizen's benefit through their elected representatives and owing to this fact its inhabitants enjoy an excellent service from the various municipal undertakings. Commencing in the year 1899, the City purchased the existing waterworks system. Since that time the Public Utilities of the City have been extended to include Electric Light and Power and Transit System.

Calgary has clean and well paved thoroughfares; beautiful residential districts, and business buildings, giving remarkable evidence of substantial growth; municipally-owned utilities—particulars of which may be found in this publication—educational buildings, school systems, and above all, a healthy climate.

BRIDGES

Across the Bow River there are three reinforced concrete bridges at : Centre Street, 10th Street W. and 14th Street W.,

and four steel bridges at: 4th Street E., 12th Street E., 18th Avenue E. and Bonnybrook Road.

Across the Elbow River there are two reinforced concrete bridges at: 4th Street W. and Elbow Drive, and four steel bridges at 9th Avenue E., 12th Avenue E., 2nd Street E., and 25th Avenue E. The Elbow River can also be crossed by way of the Glenmore Dam.

Across the Nose Creek there are two steel bridges at: 54th Avenue N.E. and Edmonton Trail, one wooden bridge at the Blackfoot Trail, one precast pre-stressed concrete bridge at 15th Street N.E. and one concrete bridge with composite deck at 16th Avenue N.E.

Across the Western Irrigation District Canal there are two precast pre-stressed bridges at 17th Avenue S.E. and 82nd Avenue S.E. and one wooden bridge at 50th Avenue S.E.

METHOD OF CIVIC GOVERNMENT

The Government of the City, up to December 31st, 1951, was carried on under powers originally granted by the Legislative Assembly of the North West Territories, and later from the Provincial Legislature of Alberta. On January 1st, 1952, "The City Act" of Province of Alberta came into effect and all cities of the Province came under its provisions. The Council is composed of a Mayor and 12 Aldermen. Up to the end of the year 1923 the Mayor was elected annually. At the Civic Elections held in December, 1923, the electors carried a plebiscite to provide for the election of Mayor for a term of two years, said provision to become effective January 1st, 1924. Up to 1913, the City was divided into four wards, with three Aldermen (each elected for a one year term) representing each ward. From 1914, Aldermen were elected from the City at large for a two year term. In 1960, the Provincial Legislature at the request of the City Council passed an amendment to the City Act permitting the election of Aldermen by wards, subject to approval by a two-thirds vote of the Electors. Following approval of a plebiscite in 1960, six wards were established, each represented by two Aldermen.

CONTINUITY OF COUNCIL, ETC.

In order that some members of each year's Council may be on intimate terms with the City's business, the Aldermen are elected for a two-year term of office, six Aldermen retiring, in the ordinary course of events, in each year. The transition from a one to a two-year term of office was accomplished in December, 1913.

CALGARY'S SCHOOL SYSTEM

Calgary has a public school board and a Roman Catholic separate school board, each consisting of seven Trustees. Elections for school trustees are held annually at the same time and in the same manner as elections for mayor and aldermen. Trustees are elected for a two-year term, four being elected one year and three the next. Those entitled to vote for the separate school board are indicated on the Voters' List by the letters "S.S." opposite their names. Others may vote for the public school board. Each voter may thus vote for one board or the other, but not for both.

QUALIFICATION FOR MAYOR, ETC.

The Mayor is the Chief Magistrate of the City. Persons eligible for election as Mayor, Alderman, Public or Separate School Trustee must be Canadian citizens or British subjects and owners or purchasers of real property, whose names appear on the Assessment Roll of the City, qualified electors of the City, male or female, of the full age of 21 years, who have resided in Calgary for 12 consecutive months immediately preceding the date of nomination, and who are not disqualified under the City Act or any other Act.

ELECTIONS, NOMINATIONS AND VOTING

All elected officials of the City of Calgary are elected by the system of Proportional Representation with the "Single Transferable Vote," generally known as "The Hare System," which was adopted and put into operation by the City in the year 1917.

Nomination day is the fourth Wednesday in September and the election is held on the third Wednesday following. Hours of polling are from 10 a.m. to 8 p.m. and the persons qualified to vote in the above connection are those persons, male or female, 21 years of age or over, whose names appear on the last revised assessment roll, the last revised business assessment roll, or Canadian, or British subject, male or female, 21 years of age or over, who have resided continuously in the City of Calgary for at least 6 months prior to the 1st of May in the year the Voters' List is being prepared. Under the provisions of the City Act, qualified Canadian citizens, or British subjects, and non-resident owners who may have been omitted from the Voters' List may have their names added to the List by the Deputy Returning Officer at the Poll in which they are qualified to vote on election day, upon subscribing to an oath of qualification. Only owners of real property whose names appear on the last revised Assessment Roll are permitted to vote on money by-laws.

COUNCIL'S DUTY

The Council as a whole is the legislative body and carries on the legislative work through standing committees. Each standing committee comprises the entire membership of council. Regular Council Meetings are held every second Monday evening throughout the year, and the committees meet when required.

FORM OF GOVERNMENT

Calgary's form of municipal government (Commission with Council) has proven in this City of large municipally-owned undertakings, to be a safe and sane method of administering the community's affairs.

The Commission form of government had its inception, insofar as Calgary is concerned, in 1907, the Commission then consisting of the Mayor, City Clerk, and City Engineer, said Board being appointed by the City Council. After a brief trial this Board was found to be unsatisfactory, as no matter what good policies the Board might institute or desire to

initiate, at least two of the members were not in a position to uphold their policies against possible opposition.

The afore-mentioned Board was supplanted in 1908 by a Commission consisting of the Mayor, City Clerk, and two Commissioners, the latter two appointed by the Council. Our citizens deemed it their privilege to say as to who should administer civic affairs and the Council adopted the policy of holding a plebiscite, the two names submitted for the office of Commissioner and receiving the highest number of votes to be appointed by the Council. This method in 1913 gave way to a straight election of Commissioners.

The electors in 1912, 1917, 1918, 1922 and 1931 declared by a large majority to retain that form of Municipal Government. In December, 1921, they voted in favor of reducing the Commissioners to two, one of whom was the Mayor. This change became effective on January 1st, 1923.

The City Act, which came into force on January 1st, 1952, provided for the appointment by Council of one or more Commissioners or a City Manager. The Council decided to appoint two Commissioners, a Commissioner of Public Works and Utilities and a Commissioner of Finance who together with the elected Mayor, comprised the Board of Commissioners.

In 1959, Council, having regard to the rapid growth of the City and the heavy administrative demands on the Commissioners, re-organized the Board of Commissioners through the appointment of a third Commissioner. The Mayor and the three appointed Commissioners were designated as "The Board of Commissioners", and deal as a Board primarily with Policy matters. Administrative matters are now dealt with by the three appointed Commissioners, sitting as a "Board of Administration." Additionally, each of the Commissioners is charged with the responsibility for administration of certain specific departments of the civic service.

Board of Commissioners

The chief executive body of the City is the Board of Commissioners. The Board consists of an elected mayor and three appointed Commissioners whose function is to act in an advisory capacity to Council on all major policy matters and to administer all phases of the City's operations. The Mayor is ex-officio Chairman of the Board. In setting up the Board as a policy forming body it was Council's opinion that the Mayor, being the chief elected official of the City, must play a leading role in all major policy recommendations because he is closer to the citizens and in a position to more ably gauge public opinion, and that the three appointed Commissioners would give the Board their valuable background of many years' experience in municipal administration.

Board of Administration

The Board of Administration consists of the Chief Commissioner, who is Chairman, the Commissioner of Finance and the Commissioner of Public Works, all of whom are appointed to hold office at the pleasure of Council. To facilitate the administration of the City each Department of the City service

has been placed under the jurisdiction of one of the appointed Commissioners.

The Chief Commissioner is responsible for the over-all co-ordination, direction and administration of Council's executive policies, and the other appointed Commissioners are responsible to his direction in all matters of administration. He is directly responsible for the regulation, control, supervision and internal administration of the following departments:

- City Clerk's Department.
- Civil Defence Department.
- Industrial Development Department.
- Law Department.
- Personnel Department.

The Commissioner of Finance has control and authority in respect of all matters of accounting and finance in all departments, including the Police Department and the Calgary General Hospital. Departments coming under his administrative jurisdiction are:

- Assessment Department.
- Children's Aid Department.
- Commissioner's Department.
- Finance Department.
- Health Department.
- Land and Rentals Department.
- License Department.
- Purchasing and Stores Department.
- Tax Department.
- Welfare Department.

The Commissioner of Public Works and Utilities is responsible for co-ordinating all outside works whether public utilities or public works, and the preparation of progress reports on projects included in the capital budget. He is responsible for the regulation, control, supervision and internal administration of:

- Airport Department.
- Building Maintenance.
- City Engineer's Department.
- Civic Garage Department.
- Electric Light and Power Department.
- Fire Department.
- Parks and Cemeteries Department.
- Planning Department.
- Traffic Engineering Department.
- Transit System Department.

ORGANIZATION OF CIVIC DEPARTMENTS

Detailed Organization Charts and outlines of functional duties of the City's administration are contained in the Civic Administration Manual, distributed to all Departments. These Charts and the Manual may be examined upon application to the Information Desk, Office of the City Clerk, City Hall.

ASSESSMENT, TAXES, COURT OF REVISION

General Assessment Rolls are compiled in the fall of each year for use after confirmation by the Board of Revision for

taxation purposes, etc. during the following year. The Assessment Roll is completed and notices mailed on December 31st preceding the year in which such a roll is to be used.

The Court of Revision consists of three members appointed by by-law of the City Council and sits each year to hear appeals against assessment or non-assessment and to revise and confirm the assessment rolls. Appeals against assessment or non-assessment must be in the hands of the City Assessor within 21 days from the date of mailing of assessment notices.

On purchasing property you should appear at the Assessor's office and present for his information the agreement for sale of title. If a non-resident, write the Assessor.

REAL PROPERTY (General Tax)

After the assessment roll for real property is finally revised and confirmed, usually in February or March of each year, and the estimated expenditure to be raised by the general tax is fixed by Council, the tax (mill rate) is struck as follows:

The total estimated expenditures of the City (exclusive of utilities, and less business tax and sundry revenues derived from sources other than the general tax); less the previous year's surplus, or including the previous year's deficit, as the case might be, equals the total estimated expenditure for which property taxes must be levied. This amount, when divided by the total real property assessment (excluding business tax) gives the tax rate for the year expressed in mills. (A mill is \$.001).

Each property assessed on the "Real Property" tax roll must pay the mill rate as above determined except parcels of 8 acres and over, used for agricultural or horticultural purposes, situated in the outer area, in which case a tax rate of 40 mills is levied, and unimproved areas which have come into the City by Annexation, which take the prevailing mill rate of the M. D. in which they were previously located.

The Council by by-law fixes the dates up to which certain penalties on General and Special Taxes shall be imposed.

From due date determined by by-law the following penalties shall be imposed:—

To August 31st	2 per cent
September 1st to October 31st	3 per cent
November 1st to December 31st	4 per cent

Arrears until paid bear interest of $\frac{1}{2}$ of 1 per cent monthly on the accumulated amount of taxes and penalty.

Tax notices, giving details of the mill rate, general and special taxes due, arrears, penalties, etc., are then mailed. Taxes are due on the first legal day of the year current with their demand.

"Special Taxes," are "Local Improvement" and "Frontage" taxes, such as for sewers, paving, sidewalks, boulevards, curb and gutter, grading, gravelling, water mains, the cost of which is chiefly borne by the properties fronting or abutting the improvement or the district benefitted.

Advance payments on account of taxes for the year 1960 were acceptable after January 2nd, 1961, and interest at the rate of 4 per cent per annum up to June 15, 1961, is allowed on all such payments made before April 30th.

BUSINESS ASSESSMENT AND TAX

The Business Tax first became operative in 1916 and the provisions governing have been amended as necessary from time to time. All businesses, trades, professions, etc., must be assessed each year for a sum equal to the full annual rental of their business premises, whether land or buildings, or both, provided, however, that if such assessment is not equal to those of surrounding similar places and businesses, the assessment may be raised or lowered, to make all assessments affected equitable. Assessment notices are mailed not later than January 31st of the current year. After the Business tax roll has been revised and confirmed and the Council has set the rate and discount periods, tax notices demanding payment of the Business tax, giving particulars of the amount due, discounts, etc., are mailed.

A discount of 5 per cent is allowed if paid before the first Wednesday in April. Distress Warrants may be issued if taxes are unpaid after fifteen days. The tax rate on all business is 10 per cent of assessed rental value. As license fees are now based on the cost of supervision by the City, no rebate is given on Business tax on account of any license fee paid to the City.

TAX RECOVERY ACT (1938)

Before April 1st Tax Notification is filed against title to all parcels of land, taxes on which have been in arrears for more than a year.

Parcels subject to Tax Notification shall be offered for sale by public Auction not less than one year and not more than three years from April 1st of the year in which the Tax Notification was registered.

If before the date fixed for the sale the owner pays all taxes owing, except the current taxes, the Tax Notification is removed.

TAX EXEMPTIONS

The Dominion and Provincial Governments, Public and Separate School Boards (on lands and buildings used for school purposes), Church buildings, used chiefly for Divine Service, Public Worship or Religious Education, and Church lands (up to one-half acre) are all exempt from General taxes but are liable for Local Improvement Taxes.

VOTERS' LIST

Voters' Lists for each Ward are compiled prior to August 15th each year. The names of all owners or purchasers of land liable to taxation whose names appear on the last revised assessment roll, if 21 years of age or over, and the names of every business taxpayer appearing on the last revised business assessment roll, if 21 years of age or over, whether residents or non-residents are entered. The names of all Canadian citizens or British subjects, 21 years of age or over, who have resided continuously in the city for a period

of six months prior to first of May of the year in which the Voters' List is being compiled, and whose names have been enumerated, are also entered.

Names of all resident electors are entered on the Voters' List for the Ward in which they reside. Non-resident owners are entered on the list for the Ward in which their property is located, or in cases where more than one parcel is held by any non-resident owner, for the Ward in which the higher assessed property is located.

Immediately following the completion of the preliminary voters' lists on August 15th a copy is posted in each polling sub-division.

Qualified electors, whose names have been omitted, may apply to the City Clerk to have their names added between dates of August 16th and September 6th. A court of revision sits prior to September 20th for the purpose of finally revising the voters' list for the current year.

On election day, qualified electors, whose names do not appear on the voters' list for the Ward in which they are qualified to vote, may have their names added to the voters' list upon swearing to the oath prescribed by the City Act.

CITY HALL

Calgary's City Hall is situated at the corner of Seventh Avenue and Second Street East. The site was obtained in the year 1885.

Construction work on the present building was begun in the year 1907.

The building is a solid sandstone structure, with reinforced concrete floors, fireproof construction, and cost in the neighborhood of \$300,000.00. The frontage is 112 feet on Second Street East; depth 128 feet on Seventh Avenue, and a floor space of 32,280 square feet. The height of the tower from the sidewalk is 100 feet.

Most of the materials for the building were obtained in the neighborhood of the municipality. It was formally opened for business in the month of January of the year 1911.

Expansion of the City, and the consequent increase in staff and departmental functions, has required that office space in the City Hall be augmented by rental space. As a result, the City has leased a building on the south-west corner of 7th Avenue and 2nd Street East, facing the City Hall (now known as the "City Hall Annex") and three floors of the Burns Building, located on the south-west corner of 8th Avenue and 2nd Street East. In addition, the City has leased premises at 428 6th Avenue South-East for the Traffic Engineering Department, and has accommodated the Civil Defence Department at 914 20th Street S.E.

POLICE HEADQUARTERS

Calgary's new Police Building located at 316 - 7th Avenue S.E. was officially opened on June 21st, 1961. It accommodates all of the City's Police offices and includes the training

section, revolver range and the Police Garage. The City Gaol occupies the entire third floor and on the second floor are four Magistrates' Courts and offices of the Court staff.

THE ELECTRIC BUILDING

The Electric Building, a modern re-inforced structure completed in the spring of 1957, was built to accomodate the Administration Offices of the City of Calgary Electric System. This building, with its storage yard for equipment, and a warehouse, covers a land area of ten acres, is located at 2808 Macleod Trail. It is the headquarters of the Management, Commercial Services, Accounting, Substations, Overhead, Underground, Operations and Inspection Divisions of the City of Calgary Electric System.

THE UTILITIES BUILDING

The Utilities Building, located at 115 - 6th Avenue West, contains the Collection Division of the City of Calgary Electric System. This Division is responsible for the reading of meters, accepting of standard applications, and for the collection of electric, water, and sewer service accounts. This building also houses the Data Processing Division (a section of the Finance Department) which produces the utility bill and statistical and accounting information for all City Departments.

CANADIAN GOVERNMENT ELEVATOR

Calgary, Alberta

Office — 627 Public Building.

Superintendent — J. L. Pashak.

The Canadian Government Elevator at Calgary is a reinforced concrete terminal elevator of 2,500,000 bushel capacity. This interior terminal elevator, together with similar elevators of 5,500,000 bushel capacity each at Saskatoon and Moose Jaw, Sask., 2,350,000 bushel capacity at Edmonton and 1,250,000 bushel capacity at Lethbridge, Alberta were constructed by the Board of Grain Commissioners for Canada to operate in conjunction with the Board's Lake Terminal Elevator at Port Arthur, Ontario. The purpose of the Calgary elevator is to provide storage and cleaning facilities for grain grown in the Province of Alberta, and to act as a reservoir for shipments to the East via the Great Lakes or more especially for shipment westward to Vancouver, where it may enter the trade routes of the Pacific, or of the Atlantic via the Panama Canal.

The plant consists of the following units, all of reinforced concrete construction and absolutely fireproof:—

(1) The work house is known as a 13-leg house with storage capacity of 500,000 bushels, capable of handling 90 cars in and 90 cars out per day.

(2) A storage house of 56 circular bins, 23 feet 2 inches in diameter, and 92 feet high, with a capacity including the interspace bins of 2,000,000 bushels.

(3) Two drying plants fitted with the most modern type of

Morris dryer with a combined drying capacity of 20,000 bushels per day of 24 hours, the heating factor in these plants is two direct heat oil blast furnaces electronically controlled located in a special building.

The elevator is electrically driven, power being supplied by the City of Calgary at 13,200 volts and reduced in the elevator substation to 550 volts for power purposes and 110 volts for lighting. A separate motor drives each machine, 53 motors being required to run the plant.

A Cyclone Dust Collector system is employed to remove the dust and floor sweepings, and a compressed air system for blowing dust from motors is also a part of the elevator equipment.

The elevator is especially well equipped for cleaning grain, its cleaning equipment consists of 9 receiving separators, each with a capacity of 1,000 bushels per hour, or a small carload; two flax separators, two wheat and oat separators; and two screenings separators. These machines provide for all ordinary separations as well as for cleaning seed grain.

All grain received and loaded is weighed in hopper scales located in the work house cupola; six in number are installed, each with a capacity of 2,000 bushels, or 120,000 pounds.

The elevator is connected by a direct spur track to the C.P.R. and Canadian National Railways by transfer connections. Ample trackage is provided on the Government property for unloading and sorting cars. The Government owns trackage, which is approximately three miles, and has accommodation for 350 cars.

The total cost of the Calgary elevator was approximately One Million Dollars.

CALGARY POWER LTD.

Chairman of the Board, G. A. Gaherty; President, G. H. Thompson; Vice President, A. W. Howard; General Manager, F. T. Gale; General Sales Manager, D. A. Hansen; Production Superintendent, T. D. Stanley; Superintending Engineer of Transmission and Distribution, H. B. LeBourveau; Superintending Engineer of Equipment and Waterworks, H. Randle; Secretary Treasurer, W. A. Sharman; Operating Superintendent of Farm Electric Services Limited, W. A. King; Engineer in charge of Purchasing, J. McMillan; Director of Public Information and Consumer Services, G. H. Milligan; Personnel Director, D. C. McIntosh.

Circuit miles of transmission lines:

1171.71 miles of	132,000 volt circuits
1026.42 miles of	66,000 volt circuits
50.76 miles of	50,000 volt circuits
27.77 miles of	33,000 volt circuits
4337.27 miles of	22,000 volt circuits
75.26 miles of	13,200 volt circuits
42.96 miles of	6,900 volt circuits

Distribution Systems

1780.45 circuit miles of primary 4160 and 2300 volt, 60 cycle, 3 phase, and a secondary 230 and 1155 volt lines. This includes 460v. secondaries in oil fields.

The Company supplies the entire electrical requirements of Calgary, Red Deer, Ponoka, Macleod and Cardston in bulk. Power interchange is arranged with the City of Edmonton, the City of Lethbridge, the City of Medicine Hat, Canadian Utilities Limited, East Kootenay Power Company Limited. By joint efforts with the City of Medicine Hat, a 30,000 k.w. steam plant extension was completed in 1953. 25,000 k.w. of this power is available to the Company system.

A third unit of 200,000 h.p. capacity is scheduled for 1962 at the Wabamun Steam Plant 40 miles west of Edmonton. A 200,000 h.p. hydro generating unit could be installed at the Brazeau River site by 1964.

Hydro Plants

The installed capacity of the Company's hydro electric development on the Bow River basin west of Calgary, which totals 411,450 h.p., comprises more than 99 per cent of the developed water power in the Province.

No. 1—Horseshoe Falls Plant—On the Bow River, 55 miles west of Calgary. Capacity 20,000 h.p. head 72 feet. Completed May, 1911. Solid concrete gravity type dam.

No. 2—Kananaskis Falls Plant—On the Bow River, two miles west of Horseshoe Falls Plant. Capacity has been increased to 24,000 h.p., head 72 feet. Completed 1912. Solid concrete gravity type dam.

No. 3—Ghost River Plant—Thirty-two miles west of Calgary. Completed 1929 with initial capacity of 37,450 h.p. and extended in 1954 to a capacity of 67,450 h.p., head 110 feet. The dam is 4,995 feet in length with a maximum height of 110 feet; there is 1,700 feet of gravity type dam and spillway and 3,275 feet of earth fill dam. The area of the storage reservoir is 2,866 acres and 75,000 acre feet of water are stored.

No. 4—Cascade Plant—Located near Anthracite, five miles east of Banff. Completed 1942 with an installed capacity of 23,000 h.p. in one unit. A second unit of 23,000 h.p. capacity was completed in 1957, bringing the total plant capacity to 46,000 h.p., head 345 feet. The water comes from Lake Minnewanka by way of a control dam and pumping station with 2,200 h.p. in motors, 2½ miles canal, 2,000 feet of 10-ft. diameter wood stave pipe and 450 feet of 8-ft. diameter steel penstock. A surge tank 171 feet high is located at the junction of the wood stave pipe with the steel penstock.

No. 5—Barrier Plant—completed 1947. Located seven miles up the Kananaskis River from Seebe. Capacity 16,000 h.p., head 155 feet. The dam is 2,100 feet in length with a maximum height of 145 feet, earth fill construction, that forms a lake of 700 acres extending about 3½ miles upstream. This was the first of the Company plants to be remote controlled.

No. 6—Spray Plant—completed 1951. Located 2 miles south of Canmore, at the base of Twin Lakes Falls and Whiteman's

Pass. Capacity increased from 62,000 h.p. to 124,000 h.p. in 1960, head 905 feet. Water to operate this plant is brought from the Spray Reservoir, a 4,400 acre artificial lake located south of Whiteman's Pass and Goat Valley where the Spray Lakes once existed in an almost inaccessible wilderness. Water drawn from this Spray Lakes reservoir passes through Three Sisters plant, Goat Valley and Whiteman's Pass by means of a unique canal system. It then enters penstocks which terminate at the two generating units.

No. 7—Three Sisters Plant—completed 1951. Located in Goat Valley, eight miles south of Canmore, behind Three Sisters Mountain. This plant serves a double purpose, being both an outlet from Spray Lakes reservoir, and a service station unit, supplying a maximum output of 3,600 h.p. when the reservoir is at full supply level.

No. 8—Rundle Plant—completed late in 1951. Located near the Bow River on the western extremity of the town of Canmore, this plant completes the "Spray Development". It makes use of water previously passed through Three Sisters and Spray plants. Develops 63,000 h.p., including 40,000 h.p. added in 1960, head 320 feet. Discharge from Rundle goes to swell the water supply used downstream to operate Horseshoe, Kananaskis and Ghost plants.

No. 9—Bears paw Plant—completed 1954. Located on the Bow River, twelve miles west of Calgary. Capacity 22,000 h.p., head 50 feet. Powerhouse and earthfill dam with concrete spillway and intake works.

No. 10—Pocaterra Plant—completed 1955. Earthfill dam, 1 mile woodstave pipeline and powerhouse located 36 miles up the Kananaskis River from Seebe. Capacity 18,500 h.p., head 207 feet.

No. 11—Interlakes Plant—completed 1955. Located at the existing storage dam on the upper Kananaskis Lake. Capacity 6,900 h.p., head 127 feet.

Thermal Plants

No. 1—Wabamun Plant. Located on Lake Wabamun 42 miles west of Edmonton. Capacity 176,000 h.p. provided by two steam turbo-generators using natural gas for fuel.

Storage Reservoirs

In addition to the 75,000 acre-feet of forebay storage at the Ghost Plant the Company has reservoirs at Lake Minnewanka, Upper Kananaskis, Lower Kananaskis and Spray Lakes. The first dam at Lake Minnewanka was constructed in 1912, raising the water level 16 feet and making 44,000 acre-feet of storage available. In 1941 an earth fill dam, 1,890 feet long with a maximum head of 110 feet was constructed to raise the level of the lake 65 feet. This provided 180,000 acre-feet of storage to be used through the new Cascade plant and all plants down the Bow River.

In 1933 a preliminary storage dam was constructed at the Upper Kananaskis Lake and in 1942 the final dam was completed making available 100,000 acre-feet of water for use during the low water period through the present hydro plants

on the Bow River. Completion in October, 1955 of the Pocaterra Dam added 53,000 acre-feet of water storage on the Lower Kananaskis Lake. The water from the storage is used through the Pocaterra Plant as well as Barrier and the Bow River plants.

Completion of the Spray Project in 1951 brought into being one of the major storage reservoirs of the Calgary Power system. It is the Spray Lakes basin in which 210,000 acre-feet of storage is available to operate the three plants built in conjunction with the project. As well as Spray, Three Sisters and Rundle, the plants located down river on the Bow benefit from the added storage.

The Company's rate schedules are conducive to the growth of load and its transmission systems designed with a view to future expansion. This extensive transmission system and the availability of large quantities of low cost power made possible the location of many large industries in the Province of Alberta.

NATURAL GAS

Incorporated July 19, 1911 (Alberta).

Head Office—140 - 6th Avenue, West.

Phone—AMherst 6-7111.

CANADIAN WESTERN NATURAL GAS COMPANY LIMITED

Calgary, Alberta

Canadian Western Natural Gas Company Limited, then The Canadian Western Natural Gas, Light, Heat & Power Company Limited, was incorporated in 1911 and in the following year built a 16-inch transmission line, 170 miles in length, complete with distribution plants, from Bow Island to Calgary, with connections to other towns en route. Although much of the original pipe line has been replaced over the years, natural gas continues to flow through the route laid out for Alberta's first major gas transmission line.

In addition to Bow Island the Company has obtained gas from Turner Valley since 1922, from Foremost since 1924, from Jumping Pound since 1951, from Nevis since 1956, to serve the communities south of Red Deer to Airdrie, from Carbon since 1958 and from Okotoks since 1959. The Bow Island field is now being used as a reserve storage field for peak loads. Connections with the Alberta Gas Trunk Line system at various points provides gas for a number of communities.

Canadian Western serves many industrial concerns, among some of the largest are the Nitrogen Plant at Calgary, the Cement Plant at Exshaw, the oil refineries and the City of Lethbridge Power Plant.

While the principal market is the cities of Calgary and Lethbridge, by December 1960 the Company served 80 other communities.

The number of consumers has risen steadily since 1912, with the most spectacular expansion taking place in recent years. In 1950 the company served 43,324 consumers in 19 communities as compared to the 1960 figure of 92,206 in 82

communities, with natural gas sales having risen from 24,312,210 thousand cubic feet to 41,414,287 thousand cubic feet in the same period.

The company system is connected to estimated reserves totalling 1,054 billion cubic feet.

The company serves Calgary, Lethbridge, and 80 other communities with 83,967 domestic, 8,059 commercial and 180 industrial consumers, with annual sales of approximately 42 billion cubic feet.

At December 31, 1960, the company served 92,206 consumers with 31 miles of field lines, 858 miles of transmission, and 1011 miles of distribution lines.

Total population served in Southern Alberta is 348,926.

Canadian Western Natural Gas Company Limited Schedule of Natural Gas Rates

RATE AREA "A"

1. Calgary, Black Diamond, Bowness, Cayley, Forest Lawn, High River, Nanton, Midnapore, Montgomery, Okotoks, Parkland.
2. Lethbridge, Barnwell, Burdett, Claresholm, Coaldale, Foremost, Fort Macleod, Granum, Monarch, Stavely, Taber.
3. Areas adjacent to Calgary—Lethbridge System Transmission Lines.

RATE No. 1 — GENERAL RATE

Available to all customers.

First 2 MCF or less \$3.00 per month.

All additional MCF 32c per MCF per month.

Minimum Monthly Charge—\$3.00

When accounts are not paid on or before the due date, the charge per MCF other than the first 2 MCF shall be increased by 4c and the Gross Rate so arrived at shall apply.

RATE No. 2 — OPTIONAL RATES

(a) General Service —

Available to all customers whose annual consumption is more than 19,500 MCF.

Fixed Charge \$150.00 per month.

Plus Commodity Charge 23c per MCF per month.

Minimum Monthly Charge—\$150.00.

When accounts are not paid on or before the due date, the charge per MCF shall be increased by 2c and the Gross Rate so arrived at shall apply.

(b) Special Service —

Available to customers located adjacent to and served directly from the Company's main transmission lines serving the Calgary-Lethbridge System and whose annual consumption is more than 200,000 MCF.

Fixed Charge \$650.00 per month.
 Plus Commodity Charge 20c per MCF per month.
 Minimum Monthly Charge—\$650.00.
 (See General Condition Below)

RATE No. 3 — OPTIONAL HIGH LOAD FACTOR RATES

(a) General Service —

Available to customers whose annual consumption is more than 10,000 MCF, and whose total consumption during the six meter reading periods ending in May, June, July, August, September and October, is not less than 40 per cent of their total consumption for the year.

Fixed Charge: \$20.00 per month plus \$1.75 per month per MCF of maximum 12-hr. demand.
 Plus Commodity Charge: First 4,000 MCF per month 15c per MCF
 All additional MCF per month 14c per MCF
 Minimum Monthly Charge—Fixed Charge.

(b) Special Service—

Available to customers located adjacent to and served directly from the Company's main transmission lines serving the Calgary-Lethbridge System and whose annual consumption is more than 150,000 MCF and whose total consumption during the six meter reading periods ending in May, June, July, August, September and October, is not less than 40 per cent of their total consumption for the year.

Fixed Charge: \$20.00 per month plus \$1.00 per month per MCF of maximum 12-hr. demand.

Plus Commodity Charge:

First 75,000 MCF per month 15c per MCF
 All additional MCF per month 13.5c per MCF
 Minimum Monthly Charge—Fixed Charge.

The Maximum 12-hour demand shall be the greatest amount of gas in cubic feet delivered in any twelve consecutive hours during the current billing period or the preceding eleven billing periods as determined by the Company by measurement. The maximum 12-hour demand of a new consumer of gas shall be estimated by the Company.

Provided that the Company may, with the approval of the Board of Public Utility Commissioners, take into consideration in determining the fixed charge the effect of the consumer's demand for gas upon the Company's peak load.

(See General Condition Below)

GENERAL CONDITION AFFECTING RATES No. 2 and No. 3

These rate schedules are available only on annual contract, which shall continue from year to year thereafter until either party shall give to the other party, at least thirty days prior to the expiration of any such year, a written notice of desire to terminate same, whereupon at the expiration of such year, it shall cease and determine.

All of the above rates have been approved by the Board of Public Utility Commissioners of the Province of Alberta, effective June 1, 1959, but are subject to regulation by that body from time to time. Further information regarding these rates may be obtained by contacting the Company. The Head Office is located at 140 - 6th Avenue S.W., Calgary.

HISTORICAL

Calgary was so named on Feb. 29th, 1876, by Col. Macleod, then Stipendiary Magistrate. He named it after his old home, Calgary, a small estate on the Isle of Mull, Scotland. "Calgary" is said to mean "clear running water."

1875—September—the first detachment of the Mounted Police, "F" Troop under Inspector Brisebois, arrived in early September at the junction of the Bow and Elbow Rivers. In accordance with their contract, the I. G. Baker Co. constructed a fort, which for a short time was called "The Elbow" by the settlers. Shortly after the Fort was completed, the I. G. Baker Co. and the Hudson's Bay Co. opened trading posts.

1876—Inspector Brisebois issued an order designating the name of the Fort as "Fort Brisebois." Shortly after, this order was countermanded by the Assistant Commissioner of the Mounted Police, the name "Calgary" being suggested at this time by Colonel Macleod, and subsequently confirmed.

1881—Calgary consisted of the Hudson's Bay Store, I. G. Baker's store, Mounted Police Barracks and the house of the commanding officer. The Marquis of Lorne, Governor General visited Calgary. Population—75.

1883—First train from Winnipeg reached Calgary, 28th August, Dominion Land Office opened.

1884—Incorporated as "Town of Calgary" November 17th, 1884. Area approximately 1,600 acres. Population 1,000. Section 14, 15 and 16, south of the Bow River, within the Town Limits. First Council meeting, December 4, 1884, in Boynton Hall; Mayor George Murdock, Councillors, S. J. Clarke, N. J. Lindsay, J. H. Milward, S. J. Hogg. Railway time adopted. Design of Corporation seal completed and adopted. Government petitioned by town for power to issue licenses, proceeds to be property of the municipality.

1885—Calgary asks for arms for the protection of the City. Site for a town hall, market place and fire hall donated. Combined town hall, police court and police cells erected; cost \$1,694.00. Fire brigade, hook and ladder company organized. Seal received and adopted. All by-laws repealed and passed under seal. Government asked for 50 acres of land for cemetery. Sir Hector Langevin petitioned re bridge across Bow River (hence the name "Langevin Bridge"). Public Market established. Wells sunk to provide water for fire protection. Night watchmen appointed. Cemetery selected—located on Section 18, Township 24, Range 1, West of the 5th Holloway chemical engine purchased. Land for park granted to the Town.

1886—First train from Montreal to the Pacific Coast passed through Calgary with Sir John and Lady Macdonald as passengers.

Fire limits arranged. Steps taken for stockyards site in Section 11. Fire brigade organized.

1887—Fire hall built. Council offers to lease land to the C.P.R. for two years for stockyards. Water tank, 30,000 gallon capacity constructed. Propose to pay Mr. Prince \$1,500.00 for purpose of building bridge across Bow River at west end of town.

1888—Government bridge across Bow River at Dewdney Street (4th St. E.) completed. Bids asked for construction of waterworks and supplying town with water and fire hydrants.

1889—Visit of Lieutenant-Governor. Government memorialized re islands in Bow River for parks purposes.

1890—Visit of H.R.H. Duke of Connaught. Official celebration on the occasion of first sod turned on Calgary and Edmonton Railway. Three islands in the Bow River, opposite the Barracks acquired for park purposes.

1891—Calgary and Edmonton branch of the C.P.R. started operation.

1892—\$3,000.00 invested by Town in boring for gas. Cable ferry across Bow River instituted where the Langevin Bridge now stands.

1893—Charter for City of Calgary under preparation. Incorporated as the "City of Calgary" September 16th, 1893. Macleod branch of C.P.R. started operation.

1894—Consul appointed for Norway and Sweden.

1897—Klondyke rush started. Bridge over Elbow erected—cost \$1,240.00.

1898—C.P.R. located repair shops, etc., at Calgary. City gave a bonus of \$25,000.00. Council goes on record as favoring municipally-owned waterworks. Pound established. His Excellency, the Governor-General, The Earl of Minto, G.C.M.G., visits Calgary.

1899—General Hospital incorporated. Steps taken to purchase waterworks from Calgary Gas & W.W. Co.

1900—Calgary Gas & W.W. Co.'s water system purchased.

1901—Limits extended to include Victoria Park. City assumes control of Victoria Park. Public receptions to Albertans returning from Boer War. Visit of Lieutenant-Governor and Legislative Assembly. City Clerk instructed to secure seal for City. Visit of Their Excellencies The Duke and Duchess of Cornwall and York.

1902—Considered advisable to retain sufficient land for future stockyards.

1903—City limits extended to include a small portion in the N.E. quarter of Section 11-24-1, West of the 5th Meridian.

1904—Decided to number streets and avenues and dispose of names. C.P.R. irrigation works started east of Calgary. Foundation stone of Church of the Redeemer laid.

1905—Engineer instructed to prepare plans of an Electric Plant. Natural gas franchise granted. Bridge over Elbow at Second Street East completed—cost \$7,678.79. By-law 619 establishing Electric Light Plant, effective July 31st, passed. Alberta incorporated as a province, September 1st.

1906—Construction of Electric Railway considered. Committee appointed to consider establishment of Public Library. City

limits extended to include a small portion of N.W. quarter of Section 11-24-1, West of the 5th Meridian.

1907—City limits extended to include Sections, part North half of 4, and part N.W. quarter 3, North half 5, all 8-9-10-11, Sections 12 and 13, South and West of Bow River, 15 and 16 North of Bow River, all 17, part in Section 18 and South half of Sections 20, 21, 22 and 23. Primitive commission form of government introduced. Subways to be built at Elbow River, First Street East, and subway at Second Street to be altered.

Decided to build Municipal Street Railway. Decided to petition Legislature for power to elect Board of Control or Commissioners. Gravity water system built. Visit of the Band of the 15th Light Horse of Calgary to Dublin, Ireland.

1908—Municipal Railway started construction. St. George's Island Bridge built. Mr. Andrew Carnegie offers \$50,000.00 to establish public library.

1909—Commission form of civic government introduced. Calgary Public Library Board start the erection of the first public library in Alberta. Bow River tunnelled for water mains. Calgary Municipal Railway service commenced operation July 5th, 1909.

1910—Automatic dial system of telephones installed. The City limits extended to include Tp. 24, R. 1, W. 5. Hydro-electric power for Calgary. Industrial sites purchased. Plans for entrance of G.T.P. Rly. submitted for approval. Riley Park donated to City. Sir Wilfred Laurier visits Calgary. C.N.R. submits tentative plans for entrance into the City.

1911—G.T.P. Ry. and CN. Ry. submit revised plans for entrance into Calgary. C.P.R. Co. and the Hudson's Bay Co. start erection of large building. Present City Hall opened for business. New fire headquarters built. City limits extended to include North half of Section 34 and all Sections 25 and 36, Twp. 23, R. 1 West of the 5th Meridian, and Sections 33 and 28, Twp. 23, R. 29, West of the 4th Meridian.

1912—Visit of H.R.H. Duke of Connaught, Duchess of Connaught, and Princess Patricia, C.P.R. car shops—greatest in Western Canada—located in Calgary. Municipal paving plant installed. Natural gas piped to the City from Bow Island. C.N.R. submits plans for station. Library opened to public.

1913—Wards abolished insofar as elections for Aldermen concerned. Two-year term for Aldermen instituted. Agreement authorized with Hospital Board bringing the control of General Hospitals in Calgary under the jurisdiction of the "Calgary Hospitals' Board." G.T.P. steel laid in city limits, March 27th. C.N.R. steel laid in city limits April 21st. "Made in Calgary Show" first held. Union stockyards proposed. Oil discovered in Calgary districts October 7th, 1913, at depth of 1,562 feet. \$350,000.00 authorized for purchase of site and erection of abbotoirs, etc. Police building construction commenced.

1914—G.T.P. first passenger train arrived. Great War commenced August 4th. Visit of Duke and Duchess of Connaught and Princess Patricia curtailed by reason of war outbreak. Police building completed August 31st. "Dingman Discovery

Well," producing 25 barrels of oil per day; bi-weekly shipments of high-grade oil, nearly pure gasoline. Monument to South African Veterans unveiled. Concrete and Steel Bridge by-laws passed. Purchase of Alberta Stockyards rejected by ratepayers. First regular passenger train arrives over C.N.R. 1,000 feet of oil in Dingman well. C.P.R. Hotel "Palliser" opened. All church property exempted from taxation. Herald building completed. International Irrigation Congress held at Calgary; delegates attend from all quarters of the globe. Calgary mobilizes 4,500 for Empire's defence.

1915—Governor-General and later General Lessard inspect large number of troops recruited in Calgary district. Mission bridge, municipally built, opened in August. Prohibition Liquor Act carries in Calgary and Alberta by a very large majority. \$375,000.00 reinforced concrete bridge, Centre Street, started construction by City Engineer (grades commenced, piers, abutments, and north arch and retaining wall nearly completed). Charter amendments obtained provided for Business Tax on Rental basis. Voting franchise extended to include all British subjects 21 years of age or over, resident in the City six months prior to June 1st of each year. Daylight saving approved. Medical inspection of schools inaugurated. Gas Company sued by City to ascertain the extent of their franchise; City wins first trial. Municipal Golf Course opened. Australian Cadets visit Calgary.

1916—Reinforced concrete bridge spanning Bow River at Centre Street, and costing \$375,000.00 completed. Armouries building to be located in Mewata Park. Mewata, Cree word, meaning "To Be Happy." Sale of spirituous and fermented liquors containing more than 2½ per cent alcohol forbidden from 21st July, 1916. Sir Robert Borden, Canadian Premier, visits Calgary in connection with prosecution of the war.

1917—First street car passed over the new Centre Street bridge, Armouries building construction commenced. Duke of Devonshire visits Calgary. Civic elections first conducted under proportional representation.

1918—November 11th Armistice Day. Armouries building completed. Board of Assessment Commissioners supplants Court of Revision. Soldier's homes exempted from taxation for 1918.

1919—Aeroplane first used in Calgary for commercial purposes; aerodrome built at Bowness Park. Prince of Wales entertained in City. Duke of Devonshire (Governor-General) visits Calgary. Hospitals come under direct control of civic authorities. By-laws for Hillhurst Bridge, Sewage Disposal Plant, Waterworks Extensions and Hospital Addition passed. Calgary citizens contribute \$5,200,000.00 for Victory Loan.

1920—Hillhurst Bridge construction commenced. Airplane Cross-Canada flight touched Calgary. Gas plebiscite, re increased rates, defeated. Tuberculin testing of dairy cattle commenced. Children's Aid Department comes under the control of City Council and Commissioners. Importation of liquor prohibited by referendum.

1921—Group Life Insurance for civic employees instituted. Institute of Technology and Art Building commenced. Cal-

gary returns two Labor, two Independent and one Liberal member to the Provincial Parliament. Calgary returns one Labor and one Progressive to Dominion Parliament. Gas rates increased to 53c gross by Board of Public Utilities. Duke of Devonshire (Governor-General) and Duchess visit City. Reduction in number of Commissioners authorized by plebiscite. Grasshopper plague. Service tax levied; Utilities taxed 4 per cent. Hillhurst reinforced concrete bridge opened. Tuberculin test applied to milk cows and cattle. Turner Valley gas piped for Calgary supply.

1922—Service tax defeated. Imperial Oil Company commences construction of \$2,500,000.00 oil refinery. Lord Byng (Governor-General) and Lady Byng visit City. Cemetery addition acquired—Burnsland. Institute of Technology building completed and opened unofficially. Normal School moved into Institute of Technology building. Imperial Oil Ltd. Royalite No. 4 well produces 500 barrels of oil per day.

1923—Board of Commissioners reduced to Mayor and one other Commissioner. Plebiscite approved making term of Mayor two years commencing January 1st, 1924. New cemetery opened in Burnsland. Alberta produced largest amount of wheat in its history, approximately 157,000,000 bushels. Wild West Stampede held in June. Alberta Wheat Pool commenced operations on October 29th, with head offices in Calgary. Liquor plebiscite carried November 5th, permitting the government sale of liquors. City balances its Budget at the end of 1923 for the first time since the war.

1924—Sale of liquors under Provincial Government control became effective May 10th at 12 o'clock noon. Calgary inaugurates its first Dominion Day celebrations on July 1st by monster military and school children's parade in forenoon and sports, bonfire, fireworks and dance in afternoon and evening. His Excellency the Governor-General of Canada, Lord Byng, and Lady Byng visit Calgary. H.R.H. Prince of Wales visits his Alberta ranch.

1925—Famous New Zealand "All Blacks" Rugby Team visits Calgary. "Hoot" Gibson films "Calgary Stampede and Jubilee Celebration." Earl Haig, Commander-in-Chief of the British Army, visits Calgary. His Excellency the Governor-General of Canada, Lord Byng, visits Calgary. Federal Election held.

1926—Dominion census conducted in June shows Calgary to have a population of 65,513. Provincial Election held. Dominion Election held.

1927—Lord Willingdon (Governor-General of Canada) and Lady Willingdon visit Calgary on first official tour. Prince of Wales, Prince George, Premier and Mrs. Stanley Baldwin, of Great Britain, visit Calgary. Model of steamship "Calgaric" presented to City by officials of White Star Line.

1928—Col. Amery, Secretary of State for Dominion Affairs in British Government, visits Calgary. Construction commenced on T. Eaton Co. building on corner of 8th Avenue and 4th Street West. Empire Parliamentary Association visits Calgary. Cenotaph to the memory of those who sacrificed their lives in Great European War, 1914 to 1918, unveiled by His Honor,

Lieutenant-Governor Dr. Wm. Egbert, of Alberta, on Nov. 11th, in Memorial Park, 12th Avenue and 4th Street West. Ceremony performed by Lieutenant-Governor Dr. Wm. Egbert, His Worship Mayor Fred E. Osborne, and Hon. Lieut.-Col. J. H. Woods.

1929—The T. Eaton Co. \$1,000,000.00 store at 8th Avenue and 4th Street West opened February 28th by Lady Eaton. Elbow and Bow Rivers in flood, June 23rd. Water rises 11.8 feet, the highest since 1902. East span of 25th Avenue bridge across Elbow washed out. St. George's Island and Bowness Park submerged in four feet of water. Hudson's Bay Co. commences construction of addition on 8th Avenue and 1st Street West. Alexander building on corner of 8th Avenue and 1st Street West demolished to make room for addition to Hudson's Bay building.

1930—Mayor Andrew Davison turned the first sod at 9:00 a.m., July 26th, on the City's new reservoir at Glenmore on the Elbow River (Glenmore Reservoir). Dominion Election held. Conservative party returned to power.

1935—His Excellency the Governor-General Earl and Countess of Bessborough visit Calgary. Provincial and Dominion Elections held. Currie Military Barracks and Airport construction commenced. Payment of Aldermen commenced December.

1936—Currie Military Barracks and Airport occupied. His Excellency the Governor-General Baron and Lady Tweedsmuir visit Calgary.

1937—City entered into agreement to purchase Calgary Water Power Co., effective with date of June 1st, 1938. Natural History Park in St. George's Island donated by the Calgary Zoological Society through Right Hon. R. B. Bennett and accepted by His Worship Mayor Davison on behalf of the City.

1939—Municipal Airport opened on Sec. 1, Tp. 25, Rge. 1, West of the 5th Meridian, on March 1st, for Air Mail route from Edmonton to Lethbridge to connect with Trans-Canada Airways. Their Majesties, King George VI and Queen Elizabeth, visited Calgary from 3:00 p.m. to 5:00, May 26th, on the occasion of a Dominion-wide tour. Sunday, Sept. 10th, 1939, Canada officially declared war. Flood lights first used at Mewata Stadium. New Utilities building opened for business.

1940—Federal Parliament dissolved at 5:07 p.m. Eastern Standard time, Thursday, January 5th, 1940, after the speech from the throne had been delivered by His Excellency the Governor-General Lord Tweedsmuir, commencing at 3:30 p.m. on the same date. Provincial Election held. Dominion Election held. First Municipal Swimming Pool opened to public at Mewata Park and 6th Avenue West on Friday, July 19th, at 7:45 p.m., by His Worship Mayor A. Davison. National Registration of all citizens of the Dominion, for war purposes, carried out on August 19, 20, 21, from 8:00 a.m. to 10:00 p.m. daily. Queen's Park Cemetery opened.

October—Ward system for election of Aldermen re-instituted. December—Council approved construction of \$2,752,000 city office building.

Description of Calgary's Coat of Arms

The upper third of the shield shows the Rockies—our pride and glory. The lower two-thirds bears the Red Cross of St. George, mounted by the Maple Leaf (Canadian Emblem) which again is inset by a buffalo Bull, the former master of our great country. The supporters, a Horse and a Steer, represent our wealth.

The crest shows the Royal Crown (a sign of loyalty) and a Sunburst. Below are the Rose, the Thistle and the Shamrock, declaring our ancestry. Calgary was founded in 1882, and in 1894 she received her City Charter. Our motto is "ONWARD", and the Union Jack and Canadian Ensign speak of the Imperial Empire.

The Seal of the City of Calgary is similar to the above design.

CITY OF CALGARY ELECTRIC SYSTEM

Office—Electric Building, 2808 Macleod Trail.

Manager of City of Calgary Electric System is W. E. Hawkins.

The following departments are also supervised by the above official: Street Lighting, City Telephones. All engineering, construction and maintenance work in the above departments come under the supervision of the Chief Engineer. Engineering advice is extended to the customers of the system, and construction is undertaken for private concerns if no other facilities are available.

The Municipal Electric Plant originated by the passing of By-law No. 562: amount \$60,000.00; passed December 23rd, 1904, which was amended by By-law No. 619, effective September 20th, 1905.

Revenue is derived from the following sources: Rates, conduit rentals, connection charges and sundry.

The revenue takes care of all departmental charges, including operation maintenance, replacements and improvements, sinking fund and interest, depreciation and insurance with a 5 per cent tax on the gross earnings and all surplus going to the general funds of the City.

Type of Service Available

Electric System should be consulted as to service characteristics in any particular area, before equipment is ordered or electrical specifications prepared.

RATES

Commercial

For the first 300 kwhrs.: 5c per kwhr.
 For the next 300 kwhrs.: 4c per kwhr.
 All over 600 kwhrs.: 2c per kwhr.

Minimum Charge: 85c per kilowatt of connected load.
 Connected load considered as not less than one kilowatt.

Domestic Combination

For the first 25 kwhrs.: 5c per kwhr.
 For the next 150 kwhrs.: 1 $\frac{3}{4}$ c per kwhr.
 All over 175 kwhrs.: 1.1c per kwhr.
 Minimum charge: \$1.77 per service per month.

Small Power

For installations where the demand is less than 100 K.V.A. and the characteristics of the load are such as to insure a fair kilowatt hour consumption per month, per H.P. of connected load.

First 30 kwhrs.: per H.P. of connected load at 2c per kwhr.
 Next 30 kwhrs.: per H.P. of connected load at 1.6c per kwhr.
 All excess kwhrs.: at 1.2c per kwhr.

Minimum Charge:

For the first 50 H.P. of connected load—\$1.00 per H.P.
 Over 50 H.P.—75c per H.P.

The connected load considered not less than 3 H.P.

Heating

1 $\frac{3}{4}$ c per K.W. hour.
 Minimum Charge: \$2.00 per month.

Wholesale Power

Wholesale Power rates are available at 13,200, 7,620, 4,160, 480, 240 or 208 volts, 3-phase, 60 cycles, for loads exceeding 100 K.V.A. of demand. Rates quoted on request.

Suburban

Rates for all services outside the City Limits quoted on request.

ELECTRICAL INSPECTION DIVISION

Inspection Fees on Application.

Chief Inspector—W. H. Keyte.

Office—Electric Building.

Phone—AMherst 6-6261, local 327, 331 and 352.

Permits to install electric wiring and apparatus issued to licensed Master Electricians, Journeymen Electricians licensed by the City. Board of Examiners, City Electricians, and one each, Licensed Journeyman and Master Electrician.

THE CITY ENGINEER

All construction is carried out under the direction and supervision of the City Engineer; also maintenance and improvements. When advisable the Engineer is requested to compete with contractors by tendering on City works.

This official is also Chief Building, Plumbing and Gas Inspector.

Municipal Paving Plant

The City Engineering Department has the following plants and buildings:

Concrete Mixing Plant: Capacity 600 cu. yards per 8-hour day. Constructed 1954.

Equipment and Shops Buildings at Manchester area which include: Mechanic Shop, Blacksmith Shop, Carpenter Shop, Waterworks Shop, Sewer Works Shop, Maintenance Depot.

Incinerator—2 furnace—Capacity 200 tons per 24-hour day. Constructed 1953.

2—Sanitary Land Fill Sites, 1960.

2—Asphalt Mixing Plants, purchased 1954 & 1959. Total capacity 960 tons per day.

2—Gravel Crushing Units, purchased 1954 & 1957. Total capacity 1200 - 1800 tons per 8 hour day.

6—District Depots.

Permits—Building, Plumbing, Gas, Warm Air Heating—At Building Department, City Hall

Chief Building Inspector—L. S. Walker.

Residence—AVenue 9-3644.

Supervisor of Building Inspections—J. E. Cocks.

Phone—AMherst 3-3520, local 351.

Residence—ATlas 3-4327.

Warm Air Heating Inspector—T. J. Sloane.

Phone—AMherst 3-3520, local 359.

Residence—CHurchill 9-1484.

Plumbers, Gas and Steam Fitters are required to pass an

examination and to be licensed. Information in regard to the above can be obtained from Mr. Franks.

Plumbers' Licenses

Renewals each year—

Master Plumbers, Steamfitters and Gasfitters	\$10.00
Journeyman Plumbers, Steamfitters and Gasfitters	1.00
Drain Layers	1.00

Plumbing Permit

2 Fixtures or under	\$ 1.50
All over 2 Fixtures, per Fixture75

Drainage Permits

Each	\$ 2.00
------------	---------

Gas Permits

For new installations, residence, store, etc., not over 4 outlets, a fee of Two Dollars (\$2.00).

For each additional run, a fee of 50c shall be charged. (See By-law).

Plans and elevations of all plumbing to be filled. Soil pipe to be medium in a building under five storeys.

Soil pipe to be extra heavy in buildings over five storeys.

WATER WORKS

The Municipal Water Works plant originated in the passing on July 31st, 1889, of By-law No. 386, in the amount of \$90,000.00.

The system cost approximately \$3,750,000.00, which money was derived from the sale of debentures, having a life of 30 years.

During the years 1930, 1931 and 1932, the Glenmore Supply was developed at a cost of \$4,051,000.00 and the Capital invested in the whole system amounts to \$25,555,756.00.

The Glenmore Supply consists of an impounding reservoir on the Elbow River, 5 miles from the centre of the city, with a water capacity of 26,000 acre feet at crest level (with stop logs) and 20,000 acre feet ordinarily. It has a water area of 912 acres and surrounding land area of 1740 acres. This is maintained by a dam 910 feet long, holding a 60-foot depth of water to the spillway level.

The pumping Station is an integral part of the dam. Pumping capacity 78 m.g.d. Water turbine driven units 22 m.g.d. Electric standby units 34 m.g.d. and 22 m.g.d.

Filter Plant consists of five sedimentation and sixteen filter units, capacity - 56 m.g.d. Purification—coagulation, sedimentation, filtration and chlorination.

All water is metered as it leaves the pumping station, the consumption varying from 23 m.g.d. to 64 m.g.d. The City is zoned, the central portion having covered reservoir capacity of 31,000,000 gallons, and two higher areas are served by reinforced concrete covered reservoirs totalling 16,500,000 gallons capacity.

Water is supplied to these systems through four Booster Pumping Stations of 16, 14, 6 and 5 m.g.d.

Revenue is obtained from the following sources: Water rates flat and metered; and annual frontage tax of 20c per foot on unimproved property, and 10c per foot on improved property; fire service line charges; fire hydrant; public \$100.00 per year, private \$16.00 per year. The revenue takes care of all charges re Water Works including Sinking Fund and interest. Operation and Maintenance, Depreciation, Repairs, Contingent and Insurance Reserves, Pension Fund and a 5% tax on the gross earnings, payable to the general funds of the City. The only portion of the Revenue derived through the Mill Rate is fire hydrant rentals and frontage tax, amounting to 1.16 mills, if the Revenue Tax is taken into consideration.

NOTE: The Filtration Plant is open to visitors from 10 to 12 a.m. and 2 to 4 p.m. on weekdays. Visits can be made at other times provided arrangements are made ahead of time with the Glenmore Dam Superintendent.

Sewer Service Charge

The Sewer Service charge was instituted by order of the City Council in 1954 (July), to cover the installations of trunk sewers and sewer disposal extensions.

The basic charge is based on 25% of the customer's net billing each month.

City Hall

DOMESTIC RATE — SINGLE FAMILY

2,754 alarms responded to in 1960.

CALGARY TRANSIT SYSTEM

The City of Calgary in the year 1909, with a population of 35,000, inaugurated a municipally-owned Street Railway System.

The Railway officially opened at 8:00 a.m., July 5, 1909, with two street cars covering the half-mile route between the Fair Grounds and the City Centre.

During the first year the service was provided with 12 pay-as-you-enter cars and the fare charged was 5 cents.

As the city expanded, additional equipment was added and reached a maximum of 90 street cars and 6 trailers in 1929. One-man cars were introduced on all city lines in 1917.

The first gas buses were put into operation on the Mount Royal route in February, 1932. Eight buses were in service in the city by 1944.

Between 1947 and 1950 a complete modernization program was carried out, using trolley coaches, as the principle vehicles, supplemented by gas and diesel buses.

The first trolley coach route, Crescent Heights, went into operation in June of 1947. The conversion to gas buses and trolley coaches was completed in December of 1950.

The last street car run in Calgary was made from Ogden to the city on December 29, 1950.

The Transit System now operates a fleet of modern vehicles consisting of 105 trolley coaches and 79 gasoline and diesel buses. 23,163,716 Fare Passengers were carried in 1960.

Twenty-four routes operated over a total of 195.0 route miles.

The Transit System buys its power from the Electric Light Department of the City.

Free transfers are given for continuous trips.

Transit System fares are as follows:

Children, (up to and including Tickets	4/25c, 18/\$1.00
14 years of age)	Cash Fare 10c
Students	4/25c 18/\$1.00
	Cash Fare 10c
Adults	Tickets—7/\$1.00
	Cash Fare 15c

A two-fare zone is in effect to Bowness.

For further information phone AMherst 2-3028.

PARKS AND CEMETERIES DEPARTMENT

The total developed acreage, including both parks and playgrounds is approximately 966 acres. This acreage does not include the cemeteries, golf course, Glenmore Area, or land set aside for a new golf course on the North Hill.

The Department operates the cemeteries, the municipal golf course, five municipal swimming pools, Mewata Stadium, Renfrew Ball Park and South Calgary artificial ice rink, and maintains a staff to care for the exhibits at the St. George's Island Zoo. In 1960 the operating cost of the Department was \$1,076,717.00 and revenue amounted to \$159,829.00.

THE CALGARY ALLIED ARTS CENTRE

830 - Ninth Avenue West

Phones:— AMherst 3-6590, AMherst 3-6591, AMherst 6-6489

Downtown Box Office — AMherst 9-7034

Director—A. F. Key.

Administered as a community arts centre by forty-eight affiliated organizations associated with the various arts and crafts, offers to Calgary citizens and visitors art exhibitions, recitals, lectures, film showings. The gallery is open daily to the public from 10:00 a.m. to 7:00 p.m., exhibitions are changed every 21 days, the Centre proper remains open until 11:00 p.m. excepting Saturday, when it closes at 4:30 p.m.

Classes in painting, ceramics, weaving, creative writing and similar subjects are organized as the demand arises, with pre-school art classes Monday to Friday, teen-agers Friday evening, and other age groups Saturdays throughout the winter months. Membership fees are nominal as are fees for classes.

CALGARY HORTICULTURAL SOCIETY

(With which is affiliated the Dahlia and Gladiolus Societies,

the Calgary Garden Club, Canadian Rose Society, National Sweet Pea Society of England and the Alberta Horticultural Association.

President—Leonard Moore, 119 - 7th Ave. N.E.

Secretary—Mrs. M. French, 333 - 17th Ave. N.W.

Phone—CRestview 7-4422.

This Society, the pioneer organization of its kind in this City, was organized in 1907. It has been an important factor in developing the "City Beautiful" idea, by encouraging the beautification of home surroundings and the cultivation of gardens. It annually holds a competitive Horticultural Exhibition, which this year will be held August 25 and 26.

Directors' meetings are held on the first Friday in each month throughout the year in the Calgary Chamber of Commerce Board Room. Subjects and discussions connected with the theory and practice of gardening are discussed at these meetings.

The object of the Society is to encourage horticulture in all its branches.

THE CALGARY PHILHARMONIC SOCIETY

Phones—AMherst 2-6984, AMherst 6-4390.

Secretary—R. D. Bell, 829 Royal Avenue.

Business Mgr.—Mrs. E. R. Deutsch.

The Calgary Philharmonic Society was formed in 1955 as the result of an amalgamation between the Alberta Philharmonic Society and the Calgary Symphony Society. Under its conductor, Henry Plukker, its 70-piece orchestra gives a series of 10 concerts each season as well as concerts to approximately 20,000 school children. Its aims are to provide good orchestral music in Calgary, to educate young people in appreciation of good music by means of school concerts, lectures and demonstrations and to encourage the study of music, musical composition and music history. Concerts are on Monday evenings at 8:30 and the dates for the 1961-62 series are October 2, October 23, November 13, January 22, February 12, March 5, March 26, April 16 and May 7; a Christmas Box concert will be presented on Sunday, December 10, at 2:30 p.m. Guest artists for the 1961-62 season are Hilda Gueden, Gilda Muhlbauer, Kenneth Amada, Allan Blumenthal and Nadia Kautzen. The winner of the Jeunesses Musicales Contest will appear as guest soloist at the April 16 concert.

Bookmobile

Library service is given to outlying districts by means of a travelling branch library which makes regular weekly stops. Capacity—2,000 volumes.

Membership

Any citizen of Calgary is entitled to a free membership on signing an application card, proving his address and furnishing the names of two friends.

History

About 1907 a little group of Calgary citizens began to interest themselves in securing for Calgary a Public Library. Calgary was at that time a City of about 15,000, and it took some time for a scheme to mature. In 1908, however, a Library Board was formed; in 1909 a building was begun, and on January 2nd, 1912, it was opened to the public.

The building and equipment cost \$100,000.00. Of this sum \$80,000.00 was provided by Mr. Andrew Carnegie and \$20,000 by the City Council.

It is noteworthy that this library was the first Public Library in Alberta, and the second between Winnipeg and the Rockies.

Constitution

The Calgary Public Library is administered by a Library Board of seven members. The Mayor is an ex-officio member, and the remaining six are appointed by the City Council for two years.

The Library is organized under the Provincial Libraries Act, which empowers the City to levy a library rate not exceeding two mills on the dollar on assessable property.

Statistics 1960

Total number of volumes—approx. 178,644.
Total number of members—approx. 59,473.
Total circulation 1960—1,093,847.
Total civic grant 1960—\$387,548.00.

UNIVERSITY OF ALBERTA, CALGARY

26th Avenue and 26th Street N.W.

Principal:—Malcolm G. Taylor, M.A., Ph.D.

Phone:—AV 9-0241.

For registration enquiries phone AV 9-0241, local 204.

Faculty of Arts and Science

Administrative Officer:—Earl F. Guy, M.A., Ph.D.

Arts and Science courses offered in Calgary are:

1. First two years in most patterns of the Bachelor of Arts and Bachelor of Science programs, including the necessary prerequisites for admission to the Faculties of Dentistry, Law and Medicine.

2. The third year may also be taken under special circumstances.

Faculty of Education

Associate Dean:—Andrew L. Doucette, B.Sc., M.A., Ed.D.

Education courses offered in Calgary are:

1. A special one-year course leading to a Junior Elementary certificate.

2. First three years of the four-year course leading to the Bachelor of Education.

3. The four-year course leading to the degree of Bachelor of Education in Industrial Arts.

Faculty of Engineering

Associate Professor:—H. R. McArthur, B.A.Sc., M.A., D.L.S.

The first two years in the Faculty of Engineering are available.

First year courses are also available in the Faculties of Agriculture and Commerce, and the Schools of Household Economics, Nursing and Physical Education.

All enquiries regarding admissions regulations should be addressed to the appropriate faculty, University of Alberta, Calgary.

THE SOUTHERN ALBERTA INSTITUTE OF TECHNOLOGY

13th Avenue and 10th Street N.W.

Principal—E. W. Wood, M.E.I.C., M.I., Mar.E.

Phone—AVenue 9-7808.

Vice-Principal—W. A. B. Saunders, M.Sc., M.E.I.C., P.Eng., A.F., C.A.J.

Phone—AVenue 9-7878.

Director of Instruction—D. C. Fleming, B.Sc., M.E.I.C.

Phone—AVenue 9-4916.

Evening School Director—W. E. Jamison, M.C.A.I.

Phone—AVenue 9-2244.

Shop Director—O. Kingsep.

Phone—AVenue 9-7812.

The Institute is a function of the Department of Education, Edmonton. The courses offered are terminal and at the post

secondary level. They are directed to training in various technologies to prepare young people to occupy positions as technicians in industry. The majority of courses are of two years' duration.

Day, Evening and Correspondence courses in the various technologies are available to students not under 16 years of age. Day courses are divided into three main divisions as follows:

1. Technical Institute Division

(a) Junior Engineering Courses:

Aeronautical Engineering	3 yrs.—fee \$52 per yr.
Land Surveying Technology	2 yrs.—fee \$52 per yr.
Architectural Technology	2 yrs.—fee \$52 per yr.

(b) Technician Courses:

Aircraft Maintenance Tech.	2 yrs.—fee \$67 1st yr. \$52 2nd yr.
Indust. Laboratory Tech.	2 yrs.—fee \$52 per yr.
Radio & Electronic Tech.	2 yrs.—fee \$52 per yr.
Petroleum Technology	2 yrs.—fee \$52 per yr.
Agricultural Mechanics	2 yrs.—fee \$67 per yr.
Automotive Service Tech.	2 yrs.—fee \$67 1st yr. fee \$52 2nd yr.
Construction Technology	2 yrs.—fee \$52 per yr.
Commercial Radio Operating	1 yr.—fee \$67
Drafting Technology	2 yrs.—fee \$52 per yr.
Indus. Electrical Tech.	2 yrs.—fee \$52 per yr.
Mechanical Technology	2 yrs.—fee \$52 per yr.
Merchandising Administration ..	2 yrs.—fee \$52 per yr.

2. Cultural Division

Applied Art and Gen. Crafts	3 yrs.—fee \$52 per yr.
Commercial Art, Advanced	4 yrs.—fee \$52 per yr.
General Art	2 yrs.—fee \$52 per yr.
Fine Art, Advanced	4 yrs.—fee \$52 per yr.
Pottery and Ceramics, Industrial Design	3 yrs.—fee \$52 per yr.

3. Trade Training Division

Diesel Mechanics	1 yr.—fee \$52
Food Service Training	1 yr.—fee \$52
Refrig. & Appliance Serv.	1 yr.—fee \$52
Welding	3 wks.—fee \$53
Tractors	10 wks.—fee \$29

The Institute offers the shop training for Industrial Arts to students in the Faculty of Education, University of Alberta at Calgary.

The Institute offers a comprehensive programme of Evening Classes in different subjects to assist those already in Industry. Corresponding courses in Power Plant Engineering are available to those wishing to pass Government Examinations of competency. Evening class fees range from \$20 to \$45 per course. Correspondence courses fees range from \$15 to \$50.

The enrollment in 1960-61 was as follows:

Day Classes	3,870
Evening Classes	2,420
Correspondence Classes	1,510
TOTAL	7,900

CALGARY SCHOOL BOARD

Offices—McDougall School, 6th St. W. and 5th Ave.

Superintendent of Schools—R. Warren, B.A., Ed.M.

Phone—AMherst 3-8130. Residence—Avenue 9-2171.

Secretary-Treasurer—L. W. Bessell.

Phone—AMherst 3-8130. Residence—Avenue 9-1462.

Building Superintendent—J. J. Smart.

Phone—AMherst 3-8130. Residence—Avenue 9-2585.

Standing Committees:

Building and Finance—Mrs. E. M. Johnson.

Phone—CH 3-6207.

School Management and Health—Mr. R. P. Alger.

Phone—AMherst 3-4800. Residence—CH 3-2285.

Expulsions and Personnel—Mrs. E. M. A. Leew.

Phone—CR 7-1027.

Education Committee—Dr. J. K. Mulloy.

Phone—CH 4-4605.

The Chairman of the Board is ex-officio a member of all committees.

Meetings

Building and Finance Committee—The first Tuesday of each month at 7:30 p.m.

School Management and Health Committee—Thursday following the Building and Finance Committee at 7:30 p.m.

Regular Board—The first Thursday in each month following the week in which the School Management and Health Committee meeting is held at 7:30 p.m.

Admission of Pupil

The compulsory ages for school attendance are from seven to fifteen years. All beginners who will reach their sixth birthday by December 31st of any year are admitted on the preceding September 1st.

Free Text Books

The necessary text books and supplies including exercise books, pencils, etc., are supplied free to pupils of Grades 1 to IX inclusive.

Medical Inspection

The City Health Department is responsible for regular medical inspection of the children in attendance at the Calgary schools. A dental clinic is maintained at the City Hall. Treatment is free to pre-school, Grade 1 and Grade 2 children.

1960—54 Elementary, 25 Elementary-Junior High, 5 Junior High, 2 Junior-Senior High, 5 Senior High.

CALGARY SCHOOLS

There are three main divisions in the school organization, the Elementary School composed of Grades I to VI, the Junior High School or Intermediate for pupils of Grades VII, VIII, and IX, and the Senior High Schools for pupils of Grades X, XI and XII.

In the Elementary Schools all pupils pursue the same studies: English, including Reading, Literature, Speech Training, Language and Spelling, Arithmetic, Social Studies, Elementary Science and Health Education, Physical Education, Art and Music.

In the Junior High School Grades there are both compulsory and optional studies. The compulsory subjects are English,

Social Studies, Mathematics, General Science, Health and Personal Development. The optional studies are Art, Music, Dramatics, General Shop or Household Economics and French. It is expected that pupils who plan continuing their school education beyond the Junior High School stage will be enabled through a sampling of the various optional studies to choose those courses in the Senior High School which are suited to their aptitudes and abilities.

The Senior High School offers the following courses: Matriculation, General, Technical and Commercial. Grade IX standing is prerequisite for admission to any Senior High School.

Central and William Aberhart High Schools offer Matriculation and General courses from Grade X to Grade XII.

At Western Canada and Crescent Heights High Schools Matriculation, General, Technical and Commercial courses are offered. The technical subjects include Drawing and Design, Electricity, Fabrics and Dress, Household Economics, Mechanical Drawing, Metals, Motor Mechanics, Needlework, Printing and Woodwork.

Viscount Bennett and Queen Elizabeth are junior-senior high schools offering matriculation and general courses from Grade VII to Grade XII.

The Commercial Department of the Western Canada and Crescent Heights High Schools provide courses of three years, two years, and one year to students who have completed Grade IX, Grades X and XI, and Grade XII courses respectively in other schools. The specialized commercial subjects offered in these schools are Typewriting, Stenography, Bookkeeping, Office Practise and Commercial Law.

Night Classes

Evening Classes in Shorthand, Typewriting, Bookkeeping, Penmanship and Commercial Law, in Matriculation subjects and in Shop and Household Economics subjects are given each year from September until April. All night classes are held in Western Canada High School.

Non-resident High School pupils are charged the following fees:

Grades X, XI and XII, \$200.00 per year.

Public School Debenture Debt, December 31st, 1960, \$21,100,002.00.

Office Hours—9:00 a.m. to 5:00 p.m., Monday to Friday, inc.

"5900" Locomotive

It took a giant of the rails to meet the challenge of the imperturbable Rocky Mountains through which snakes the main line of the Canadian Pacific Railway from Calgary west to Revelstoke, B.C.

To meet this challenge, 35 huge locomotives were built and were in service between 1929 and the early 1950's. One of these giants has been given a last resting place of honor at the Hospitality Centre at Mewata Park. There, facing west to the mountains through which she rumbled happily in days gone by, the mighty 5934 stands in all her old-time splendor.

Known to old railroaders as "The Selkirks," because they traversed the Selkirk and Rocky mountains, these engines were the biggest of their kind in the British Commonwealth. This "old maid of the mountains" is 98 ft. long and towers 15½ ft. above you as you stand dwarfed by her 5¼ ft. driving wheels. Loaded she tips the scales at 447,000 pounds. Her tender weighed an additional 284,000 pounds and carried 4,100 Imperial gals. of oil and 12,000 gals. of water.

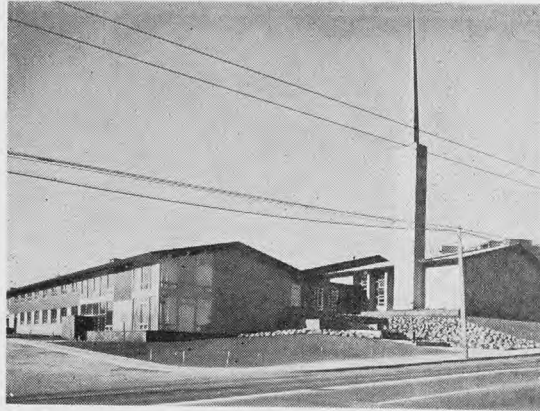

The second last of the 5900 series, this powerful work-horse of the rails was purchased by Calgarians through civic funds, public donations and the co-operation of the CPR.

Although hers was a rugged life of service over one of the world's most tortuous stretches of railroad, she seems happy in her retirement. Within sight and sound of the streamlined diesels that took her place, she can relax, knowing she and others of her kind helped open up this vast western land.

Debenture indebtedness, December 31st, 1960, \$5,384,260.00.

The St. Mary's Boys' and St. Mary's Girls' Schools give the complete Academic High School Courses.

The resident students attending the city Catholic schools who have completed Grade IX and wish to take a Technical or a Commercial Course may do so at the Western Canada High School or Crescent Heights High School. The Separate School Board will pay their fees.

In addition to regular classes, there are in operation at Holy Angels' School two opportunity classes for retarded children and a Household Economic Centre for girls of grades VII, VIII and IX, a General Shop Centre for boys of the same grades at Sacred Heart School, St. Joseph's Junior High School and St. Augustine School. Senior Shops and Household Economics classes are offered at St. Mary's Boys' and St. Mary's Girls' High School.

MOUNT ROYAL JUNIOR COLLEGE

7th Avenue and 11th Street West

Principal—Rev. W. J. Collett, B.Ed., M.A., B.D., D.D.

Phone—AMherst 6-4611.

In 1910 Mount Royal College was established by charter from the Provincial Government as a Secondary School. Twenty years later the work of the College was expanded to include courses in the first and second years of University training, and the charter revised to give Mount Royal the status of a Junior College in affiliation with the University of Alberta.

The work of the College is divided into four departments:

1. Junior College Department—

Two-year terminal or transfer courses in Arts and Science, Engineering, Business Administration, etc., at University level.

2. High School Department—

High School courses are offered in Grades X, XI, and XII, under the regulations of the Department of Education of Alberta, to students with B or better standing in Grade IX. Semester system of Studies.

3. Secretarial School—

Practical business and secretarial courses, under well-qualified instructors with modern equipment.

4. Conservatory of Music—

Complete courses in all branches of music. Students may specialize in the degree courses of the Royal Conservatory of Music of Toronto, the Associated Board of the Royal Schools of Music, Trinity College (London), or the Western Board of Music. Speech and Drama leading to the A.R.C.T. degree in Elocution with the Royal Conservatory of Music in Toronto is given.

THE BETTER BUSINESS BUREAU OF CALGARY

611B - 7th Ave. S.W.—Tel. AM 9-3905

President—M. L. Jacques

Manager—A. N. Rose

A free public-service organization underwritten by community spirited business and the professions. This non-profit membership organization is dedicated to the protection of the public from the fraud and the cheat, and to the improvement of the ethical standards of business conduct. It does not recommend or endorse any Security, Product, Service or Concern.

CALGARY COUNCIL OF COMMUNITY SERVICES

414 Maclean Building

Phone—AMherst 2-3711.

Executive Director—F. H. Tyler.

Government and voluntary organizations providing community services to meet problems of financial need, personal or social maladjustment, health, child care and welfare and recreational needs, or which are interested that such services

be provided, work jointly through the Council to improve and co-ordinate such services and to provide certain centralized services through the Council office. The Council maintains a library on social service matters; offers consultation to individuals or groups; arranges for speakers; publishes a Directory of Social Services; and operates a Christmas Bureau. A Community Referral and Information Service will advise on the proper agencies from which help with the problems in the fields may be sought.

A Volunteer Department is operated as a part of the Council.

THE CALGARY FAMILY SERVICE BUREAU

1029 - 11th Ave. S.W.—Phone CHerry 4-4353 - CHerry 4-0975

President—Holland Cameron.

First Vice-President—H. DeForest.

Second Vice-President—Ward Steckle.

Treasurer—Ross Jack.

Secretary—Mrs. V. C. Morrison.

Executive Director—Mrs. Cenovia Addy.

Offers professional help with family problems e.g., marital difficulty, parent-child relationships, budgeting. Has emergency homemaker service. All services available to entire community.

THE CANADIAN NATIONAL INSTITUTE FOR THE BLIND

406 - 16th Avenue N.W.

Phone—CRestview 7-8551.

Chairman—D. G. L. Cunnington, O.B.E.

Field Secretary—J. A. MacNaughton.

National organization supported by voluntary donations and bequests from the Canadian people, and voluntary grants from various Governments. Aims: The improvement of the social and economic condition of blind Canadians, and the prevention of blindness. Every phase of rehabilitation for the blind, regardless of race or creed. Governed by a National Council and local Boards of Management throughout the country, whose members serve without remuneration. Extensive service program designed for the whole rehabilitation of the blind person, covering social service, home teaching, library, employment — placement, residences, recreation pre-school blind, after—care service for war-blinded. Granted Dominion Charter 1918. The only national organization for the blind in Canada.

THE CHILDREN'S AID DEPARTMENT

The Children's Aid Department is a "multi-function" Civic Social Service Department administering the Child Welfare Act, The Juvenile Delinquents Act, the Mothers' Allowance Act, and various other relative legislation within the limits of the City of Calgary.

The Department is responsible for all work involved in Child Protection and Neglect, Juvenile Delinquency, Probation Service, Mothers' Allowances, Children of Unmarried Parents and Family Welfare case-work for the family court. Under direct Departmental control is the Children's Service Centre. This

is the institutional child care branch of the Department comprising two buildings, (1) a receiving house and shelter for children of all ages from birth to eighteen years, (2) an observation and detention home for teen age boys and girls.

Information concerning any phase of Child and Family Welfare work or Juvenile Delinquency can be obtained from the Superintendent or Department Officials at the office.

THE CITY WELFARE DEPARTMENT

This Department is responsible for the administration of financial assistance to indigent persons resident in the City of Calgary. The Department administers a number of legislative enactments which define municipal responsibility for various types of need. Advisory services are also rendered in connection with pensions, and referral of enquiries to appropriate agencies or resources in the community.

CALGARY CHAMBER OF COMMERCE

The Calgary Chamber of Commerce maintains its offices at 809 Centre Street S., and the staff is always pleased to give information on commercial and industrial matters with regard to the City of Calgary and district and the Province of Alberta generally. Telephone AMherst 2-5163.

CALGARY EXHIBITION AND STAMPEDE

Alberta Cattle Breeders' Association—

President—H. G. Hymas, Rosebud, Alta.

Annual Sale and Show of Purebred Bulls.

Receives and ships to and from all parts of the province. Sells to British Columbia, Alberta, Saskatchewan, Manitoba and the United States.

Alberta Sheep Breeders' Association—

President—John Wilson, Jr., Innisfail.

Agents—Canadian Co-operative Wool Growers.

Wool from members is received at Calgary and shipped east in carlots for grading and sale.

Alberta Swine Breeders' Association—

President—H. J. Scholefield, Crossfield.

Two Sales and Shows of Purebred Sheep, and two of Purebred Swine are held by the above associations each year.

Maurice E. Hartnett is Managing Director of the Alberta Live Stock Association.

Stampede Corral, Exhibition Grounds—

Calgary Exhibition and Stampede Limited.

J. Lloyd Turner, manager. Phone AMherst 2-6510.

Exhibition Grounds—Approx. 100 acres.

Entrances—Seventeenth Avenue and Second Street East, Seventeenth Avenue and Fourth Street East and Second Street East at Elbow Bridge. Comprises all territory between Seventeenth Avenue, Second Street East and the Elbow River. Contains Exhibition Buildings which are valued at more than \$7,000,000.00 including fireproof grandstand. Agricultural Building accomodates more than 1,000 head of live stock, and large new combination Exhibits and Curling Building. The annual Exhibition (over 527,000 attendance in 1960) is held here, as well as the Horse Races, Horse Show, Purebred Cattle, Sheep and Swine Sales and Shows; Wool Sales, Bonspiel, Hockey, Curling and Skating Rinks, Boxing, Wrestling events. A spur track (C.P.R.) enters the park at northeast corner.

ALBERTA POULTRY FEDERATION

President—E. Triska, 12936 Fort Road, Edmonton.

Sec.-Treas.—J. R. McFall, 521 Northern Hardware Bldg., Edmonton.

This organization includes the various poultry groups in the province also representatives from the Dominion and Provincial Poultry Departments, and from the University of Alberta. It is also a member of the Alberta Federation of Agriculture.

CITY OF CALGARY

Statistics

Area of City—75.8 square miles (48,500 acres).

Population—1961 (Civic Centre), 241,675.

Death Rate, 1960 (basic population 235,428)—gross 7.8 per 1,000.

Infant Death Rate, 1960, per 1,000 births—20.9.

Birth Rate, 1960, per 1,000—38.5.

Altitude—Fundamental Bench Mark, Central Park, 3,439.71 feet.

Latitude—51°—03'—07" North

Cor. 9th Ave. &

Longitude—114°—22'—7" West

Centre St. S.W.

Salaries and Wages paid, 1960 by Municipality—\$20,307,-414.41.

Banks—7 Main and 70 Sub-Branches.

Hotels—31.

Railways—Two main and four branch lines.

Trackage—Miles in Railway Yards—C.P.R., 162.04; C.N.R. 38.89.

THE PROVINCE OF ALBERTA

Description of the Coat of Arms of the Province of Alberta

Azure, in front of a Range of Snow Mountains proper, a Range of Hills Vert. in the base of a Wheat Field surmounted by a Prairie, both also proper, on a Chief Argent a St. George's Cross.

Floral Emblem

Wild Rose (*Rosa Acicularis* Lindl). (Enacted 1930.)

Area and Size of Alberta

Length from North to South—750 miles.

Width at its widest part—400 miles.

Area of Land—161,872,000 acres.

Area of Water—1,510,400 acres.

1960 Population (est.) 1,283,000.

Industries and Resources

Alberta is richly endowed with natural resources, which are being developed in a vigorous manner. A major resource is coal, of which some 48,000,000,000 tons, or enough to serve all Canada for 120 years and comprising half Canada's total reserve, are located in the province. More than 9,000 oil wells

capable of 300 million barrels of oil annually, and 2,000 gas wells producing 250 billion cubic feet annually are located in the province. Known reserve of oil and gas are increasing monthly. Manufacturing produced goods worth over \$900,000,000 last year. Value of all lumber and forest products last year was \$17,000,000.

Population is growing at a tremendous rate in the province, with a total last year of 1,283,000 persons in the ten cities, 85 towns and villages and the rural areas. From these rural areas last year came agricultural production worth approximately \$650 millions of dollars.

Alberta is young, beautiful and wealthy. The foundations for a great industrial empire have been laid. Progress is already begun.

PROVINCIAL LEGISLATURE

Calgary Members

Elected June 18, 1959

NAME	CONSTITUENCY
Johnston, Charles E. (Social Credit)	Calgary-Bowness
Colborne, Fred (Social Credit)	Calgary-Centre
Watkins, Ernest (Con.)	Calgary-Glenmore
Wilkinson, Mrs. Rose (Social Credit)	Calgary-North
Ludwig, Albert (Social Credit)	Calgary-Northeast
Dixon, Arthur J. (Social Credit)	Calgary-Southeast
Fleming, Donald S. (Social Credit)	Calgary-West

Lieutenant-Governors of Alberta

George H. V. Bulyeea—August 24, 1905.

Robert Geo. Brett—October 6, 1915.

Dr. William Egbert—October 20, 1925.

William Legh Walsh—April 24, 1931.

Lt.-Col. Philip Carteret Hill Primrose—September 10, 1936.

John Campbell Bowen—March 20, 1937.

John James Bowlen—February 1, 1950.

J. Percy Page—December 19, 1959.

Premiers of Alberta

Alexander Rutherford (Liberal), Sept. 2, 1905.

Arthur L. Sifton (Liberal), May 26, 1910.

Chas. Stewart (Liberal), Oct. 30, 1917.

Herbert Greenfield (United Farmers), Aug. 13, 1921.

John Edward Brownlee (United Farmers), Nov. 23, 1925.

Richard Gavin Reid (United Farmers), July 10, 1934.

William Aberhart (Social Credit), Sept. 3, 1935.

Ernest C. Manning (Social Credit), May 31, 1943.

For information about switchboard service apply at the office of the Alberta Government Telephones, Calgary.

The Southern Alberta Jubilee Auditorium

The Southern Alberta Jubilee Auditorium, operated by the Department of The Provincial Secretary of the Government of Alberta, is located in the grounds of the Provincial Institute of Technology and Art, east of 14th St. N.W.

The building was designed and built by the Department of Public Works of the Province of Alberta, Mr. Ronald Clarke, chief architect. Commenced in late 1955 and opened on April 28, 1957, it is part of the Provincial Jubilee Celebration and was erected to honour the early residents of the Province, and to mark the Jubilee of the Province, which took place September 1st, 1955.

The large and impressive building houses a magnificent Auditorium, 80 feet wide at the stage and broadening to 160

feet at the rear, with a total seating capacity of 2,762. On the lower level, reached from the main entrance, are a service kitchen, and four social rooms for young people's gatherings, stage experimental plays, chamber music concerts, et cetera, et cetera. The largest of the four rooms accomodates approximately 500 people. There is also an exhibition area of over 35,000 square feet.

Altogether, including main auditorium, dressing rooms, offices, store rooms, social rooms, et cetera, there are 216 rooms in the building.

Containing every modern convenience it has been possible to install, the Auditorium undoubtedly stands on a par with any structure of its kind in North America.

The various halls and rooms in the Auditorium are available for rent for public entertainments, conventions, and gatherings of all kinds. The rent, varying according to size and required use, is from \$6.00 to \$150.00 and less per session.

The local manager is Mr. R. M. Aikenhead. Phone AVenue 9-5531 or AVenue 9-7438 to whom all enquiries should be made.

CANADA

Parliament

The Federal Government consists of Her Majesty the Queen (represented by the Governor-General) with the Privy Council, (of which the Cabinet, or Ministry, is an active committee responsible to the Legislature for all matters of policy) as the Executive Branch; Parliament (House of Commons and Senate) as the Legislative Branch, and the Courts as the Judicial Branch. Parliament must meet at least once a year.

The Senate now numbers 102. Senators are appointed for life by the Governor-General in Council and must be at least 30 years of age, British subjects, residents of the Province for which they are appointed and possess \$4,000 over and above their liabilities. By provinces, representation is as follows: Newfoundland 6, Prince Edward Island 4, Nova Scotia 10, New Brunswick 10, Quebec 24, Ontario 24, Manitoba 6, Saskatchewan 6, Alberta 6, British Columbia 6. Total 102.

Members of the House of Commons are elected by the people for the duration of the Parliament, which must not be longer than five years. A Redistribution Act, passed after each census, adjusts the number of representatives in the House of Commons in accordance with the rules laid down in Section 51 of the British North America Act, 1867. During 1947 the Representation Act was passed increasing the membership in the House of Commons to 255 to be effective at the following general election. Under the terms of a bill assented to on Feb. 18, 1949—An Act to approve the terms of Union of Newfoundland with Canada—the Province of Newfoundland was entitled to send seven members to Ottawa. On March 31, 1949, Newfoundland became the tenth Province of Canada. This union brought the number of members of the 24th Parliament elected March 31, 1958, up to 265. Representation of the provinces is as follows: Newfoundland 7, Prince Edward Island 4, Nova Scotia 12, New Brunswick 10, Quebec 75, Ontario 85, Manitoba 14, Saskatchewan 17, Alberta 17, British Columbia 22, Yukon 1, North West Territories 1.

DESCRIPTION OF CANADA'S COAT OF ARMS

The arms are those of England, Scotland, Ireland and France, with a "difference" to mark them as Canadian, namely on the lower third of the shield, a sprig of maple on a silver shield. The crest is a lion holding in its paw a red maple leaf, a symbol of sacrifice. The supporters are, with some slight distinctions, the lion and unicorn of the Royal Arms; the lion upholds the Union Jack and the unicorn the ancient banner of France.

The motto — A MARI USQUE AD MARE — "From sea to sea" — is an extract from the Latin version of verse 8 of the 72nd Psalm — "He shall have dominion also from sea to sea, and from the river unto the ends of the earth."

There is a tradition that the fathers of Confederation derived the designation "Dominion" from this verse.

DISTRIBUTION OF SEATS HOUSE OF COMMONS AND SENATE

Province	House of Commons	Senate
Ontario	85	24
Quebec	75	24
Newfoundland	7	6
Nova Scotia	12	10

POSTAL SERVICE

3rd Floor, Calgary Postal Terminal

District Director—L. J. Watson.

The Calgary Postal District comprises the southern halves of Alberta and Saskatchewan, and the East Kootenay District of British Columbia—an area of 133,250 square miles. All Postal Services within this area are controlled from Calgary by an administrative staff of 46 under the district director. Within the district are 770 post offices, each with its Postmaster and staff—a total of 2,000 postal workers for the district. These offices are served by 484 services of varied types of transportation including 27 major highway services. Over 5,000,000 miles are covered by these services annually of which over 3,000,000 miles are travelled by the Highway Services, and over 700,000 miles annually by Rail Services. A staff of 20 railway mail clerks are employed on the two R.P.O.s Four area superintendents, based at Red Deer, Lethbridge, Medicine Hat and Weyburn keep in close touch with every phase of postal activity.
